(ii) Autism does not apply if a student's educational performance is adversely affected primarily because the student has an emotional behavioral disability, as defined in subsection (2)(e) of this section.

(iii) A student who manifests the characteristics of autism after age three could be identified as having autism if the criteria in (a)(i) of this subsection are satisfied.

(b) Deaf-blindness means concomitant hearing and visual impairments, the combination of which causes such severe communication and other developmental and educational needs that they cannot be accommodated in special education programs solely for students with deafness or students with blindness and adversely affect a student's educational performance.

(1) Each school district and residential or day schools operated under chapters 28A.190 and 72.40 RCW shall provide every student who is eligible for special education between the age of three and twenty-one years, a free appropriate public education program (FAPE). The right to a FAPE includes special education for students who have been suspended or expelled from school. A FAPE is also available to any student determined eligible for special education even though the student has not failed or been retained in a course or grade and is advancing from grade to grade. The right to special education for eligible students starts on their third birthday with an IEP in effect by that date. If an eligible student's third birthday occurs during the summer, the student's IEP team shall determine the date when services under the individualized education program will begin.

(2) A student who is determined eligible for special education services shall remain eligible until one of the following occurs:

(a) A group of qualified professionals and the parent of the student, based on a reevaluation, determines the student is no longer eligible for special education; or

(C) The reassignment of another teacher within the district or other public agency with the appropriate endorsement to such assignment would be unreasonably disruptive to the current assignments of other classroom teachers or would have an adverse effect on the educational program of the students assigned such other classroom teachers.

(ii) Upon determination by a school district that one or more of these criteria can be documented, and the district determines that a teacher has the competencies to be an effective special education teacher but does not have endorsement in special education, the district can so assign the teacher to special education. The teacher so assigned must have completed six semester hours or nine quarter hours of course work which are applicable to an endorsement in special education. The following requirements apply:

(B) Such teachers shall not be subject to nonrenewal or probation based on evaluations of their teaching effectiveness in the out-of-endorsement assignments;

(C) Such teaching assignments shall be approved by a formal vote of the local school board for each teacher so assigned; and

(3) Teachers placed under the options described in subsection (2) of this section do not meet the definition of highly qualified.

WAC 392-172A-03020 Evaluation procedures. (1) The school district must provide prior written notice to the parents of a student, in accordance with WAC 392-172A-05010, that describes any evaluation procedures the district proposes to conduct.

(2) In conducting the evaluation, the group of qualified professionals selected by the school district must:

(a) Use a variety of assessment tools and strategies to gather relevant functional, developmental, and academic information about the student, including information provided by the parent, that may assist in determining:

(i) Whether the student is eligible for special education as defined in WAC 392-172A-01175; and

(ii) The content of the student's IEP, including information related to enabling the student to be involved in and progress in the general education curriculum, or for a pre-school child, to participate in appropriate activities;

(b) Not use any single measure or assessment as the sole criterion for determining whether a student's eligibility for special education and for determining an appropriate educational program for the student; and

(c) Use technically sound instruments that may assess the relative contribution of cognitive and behavioral factors, in addition to physical or developmental factors.

(3) Each school district must ensure that:

(a) Assessments and other evaluation materials used to assess a student:

(i) Are selected and administered so as not to be discriminatory on a racial or cultural basis;

(ii) Are provided and administered in the student's native language or other mode of communication and in the form most likely to yield accurate information on what the student knows and can do academically, developmentally, and functionally unless it is clearly not feasible to so provide or administer;

(iii) Are used for the purposes for which the assessments or measures are valid and reliable. If properly validated tests are unavailable, each member of the group shall use professional judgment to determine eligibility based on other evidence of the existence of a disability and need for special education. Use of professional judgment shall be documented in the evaluation report;

(iv) Are administered by trained and knowledgeable personnel; and

(v) Are administered in accordance with any instructions provided by the producer of the assessments.

(b) Assessments and other evaluation materials include those tailored to assess specific areas of educational need and not merely those that are designed to provide a single general intelligence quotient.

(c) Assessments are selected and administered so as best to ensure that if an assessment is administered to a student with impaired sensory, manual, or speaking skills, the assessment results accurately reflect the student's aptitude or achievement level or whatever other factors the test purports to measure, rather than reflecting the student's impaired sensory, manual, or speaking skills (unless those skills are the factors that the test purports to measure).

(d) If necessary as part of a complete assessment, the school district obtains a medical statement or assessment indicating whether there are any other factors that may be affecting the student's educational performance.

(e) The student is assessed in all areas related to the suspected disability, including, if appropriate, health, vision, hearing, social and emotional status, general intelligence, academic performance, communicative status, and motor abilities.

(f) Assessments of students eligible for special education who transfer from one school district to another school district in the same school year are coordinated with those students' prior and subsequent schools, as necessary and as expeditiously as possible, to ensure prompt completion of full evaluations.

(g) In evaluating each student to determine eligibility or continued eligibility for special education service, the evaluation is sufficiently comprehensive to identify all of the student's special education and related services needs, whether or not commonly linked to the disability category in which the student has been classified.

(h) Assessment tools and strategies are used that provide relevant information that directly assists persons in determining the educational needs of the student.

WAC 392-172A-03025 Review of existing data for evaluations and reevaluations. As part of an initial evalua-

tion, if appropriate, and as part of any reevaluation, the IEP team and other qualified professionals, as appropriate, must:

(1) Review existing evaluation data on the student, including:

(a) Evaluations and information provided by the parents of the student;

(b) Current classroom-based, local, or state assessments, and classroom-based observations; and

(c) Observations by teachers and related services providers.

(2)(a) On the basis of that review, and input from the student's parents, identify what additional data, if any, are needed to determine:

(i) Whether the student is eligible for special education services, and what special education and related services the student needs; or

(ii) In case of a reevaluation, whether the student continues to meet eligibility, and whether the educational needs of the student including any additions or modifications to the special education and related services are needed to enable the student to meet the measurable annual goals set out in the IEP of the student and to participate, as appropriate, in the general education curriculum; and

(b) The present levels of academic achievement and related developmental needs of the student.

(3) The group described in this section may conduct its review without a meeting.

(4) The school district must administer such assessments and other evaluation measures as may be needed to produce the data identified in subsection (2) of this section.

(5)(a) If the IEP team and other qualified professionals, as appropriate, determine that no additional data are needed to determine whether the student continues to be a student eligible for special education services, and to determine the student's educational needs, the school district must notify the student's parents of:

(i) That determination and the reasons for the determination; and

(ii) The right of the parents to request an assessment to determine whether the student continues to be a student eligible for special education, and to determine the student's educational needs.

(b) The school district is not required to conduct the assessment described in this subsection (5) unless requested to do so by the student's parents.

WAC 392-172A-03030 Evaluations before change in eligibility. (1) Except as provided in subsection (2) of this section, school districts must evaluate a student eligible for special education in accordance with WAC 392-172A-03020 through 392-172A-03080 before determining that the student is no longer eligible for special education services.

(2) A reevaluation is not required before the termination of a student's eligibility due to graduation from secondary school with a regular diploma, or due to exceeding the age eligibility for FAPE under WAC 392-172A-02000 (2)(c).

[Ch. 392-172A WAC p. 20]

(3) For a student whose eligibility terminates under circumstances described in subsection (2) of this section, a public agency must provide the student with a summary of the student's academic achievement and functional performance, which shall include recommendations on how to assist the student in meeting the student's postsecondary goals.

[Statutory Authority: RCW 28A.155.090(7) and 42 U.S.C. 1400 et. seq. WSR 07-14-078, § 392-172A-03030, filed 6/29/07, effective 7/30/07.]

WAC 392-172A-03035 Evaluation report. (1) The evaluation report shall be sufficient in scope to develop an IEP, and at a minimum, must include:

(a) A statement of whether the student has a disability that meets the eligibility criteria in this chapter;

(b) A discussion of the assessments and review of data that supports the conclusion regarding eligibility including additional information required under WAC 392-172A-03080 for students with specific learning disabilities;

(c) How the student's disability affects the student's involvement and progress in the general education curriculum or for preschool children, in appropriate activities;

(d) The recommended special education and related services needed by the student;

(e) Other information, as determined through the evaluation process and parental input, needed to develop an IEP;

(f) The date and signature of each professional member of the group certifying that the evaluation report represents his or her conclusion. If the evaluation report does not reflect his or her conclusion, the professional member of the group must include a separate statement representing his or her conclusions.

(2) Individuals contributing to the report must document the results of their individual assessments or observations.

WAC 392-172A-03040 Determination of eligibility. (1) Upon completion of the administration of assessments and other evaluation measures:

(a) A group of qualified professionals and the parent of the student determine whether the student is eligible for special education and the educational needs of the student; and

(b) The school district must provide a copy of the evaluation report and the documentation of determination of eligibility at no cost to the parent.

(2)(a) A student must not be determined to be eligible for special education services if the determinant factor is:

(i) Lack of appropriate instruction in reading, based upon the state's grade level standards;

(ii) Lack of appropriate instruction in math; or

(iii) Limited English proficiency; and

(b) If the student does not otherwise meet the eligibility criteria including presence of a disability, adverse educational impact and need for specially designed instruction.

(3) In interpreting evaluation data for the purpose of determining eligibility for special education services, each school district must:

(a) Draw upon information from a variety of sources, including aptitude and achievement tests, parent input, and teacher recommendations, as well as information about the

(9/24/13)

student's physical condition, social or cultural background, and adaptive behavior; and

(b) Ensure that information obtained from all of these sources is documented and carefully considered.

(4) If a determination is made that a student is eligible for special education, an IEP must be developed for the student in accordance with WAC 392-172A-03090 through 392-172A-03135.

ADDITIONAL PROCEDURES FOR IDENTIFYING STUDENTS WITH SPECIFIC LEARNING DISABILITIES

WAC 392-172A-03045 District procedures for specific learning disabilities. In addition to the evaluation procedures for determining whether students are eligible for special education, school districts must follow additional procedures for identifying whether a student has a specific learning disability. Each school district shall develop procedures for the identification of students with specific learning disabilities which may include the use of:

(1) A severe discrepancy between intellectual ability and achievement; or

(2) A process based on the student's response to scientific, research-based intervention; or

(3) A combination of both within a school district, provided that the evaluation process used is the same for all students within the selected grades or buildings within the school district and is in accordance with district procedures.

[Statutory Authority: RCW 28A.155.090 and 34 C.F.R. Part 300. WSR 09-20-053, § 392-172A-03045, filed 10/1/09, effective 11/1/09. Statutory Authority: RCW 28A.155.090(7) and 42 U.S.C. 1400 et. seq. WSR 07-14-078, § 392-172A-03045, filed 6/29/07, effective 7/30/07.]

WAC 392-172A-03050 Additional members of the evaluation group. The determination of whether the student is eligible for special education services in the specific learning disability category shall be made by the student's parent and a group of qualified professionals which must include:

(1) The student's general education classroom teacher; or

(2) If the student does not have a general education classroom teacher, a general education classroom teacher qualified to teach a student of his or her age; or

(3) For a student of less than school age, an individual qualified to teach a student of his or her age; and

(4) At least one individual qualified to conduct individual diagnostic examinations of students, such as school psychologist, speech language pathologist, or remedial reading teacher.

[Statutory Authority: RCW 28A.155.090(7) and 42 U.S.C. 1400 et. seq. WSR 07-14-078, § 392-172A-03050, filed 6/29/07, effective 7/30/07.]

WAC 392-172A-03055 Specific learning disability—Determination. The group described in WAC 392-172A-03050 may determine that a student has a specific learning disability if:

(1) The student does not achieve adequately for the student's age or meet the state's grade level standards when pro-

vided with learning experiences and instruction appropriate for the student's age in one or more of the following areas:

(a) Oral expression.

(b) Listening comprehension.

(c) Written expression.

(d) Basic reading skill.

(e) Reading fluency skills.

(f) Reading comprehension.

(g) Mathematics calculation.

(h) Mathematics problem solving.

(2)(a) The student does not make sufficient progress to meet age or state grade level standards in one or more of the areas identified in subsection (1) of this section when using a process based on the student's response to scientific, research-based intervention or the group finds that the student has a severe discrepancy between achievement and intellectual ability in one or more of the areas identified in subsection (1) of this section; and

(b) When considering eligibility under (a) of this subsection, the group may also consider whether the student exhibits a pattern of strengths and weaknesses in performance, achievement, or both, relative to age, state grade level standards, or intellectual development, that is determined by the group to be relevant to the identification of a specific learning disability, using appropriate assessments, and through review of existing data.

(3) The group determines that its findings under subsection (2) of this section are not primarily the result of:

(a) A visual, hearing, or motor disability;

(b) Intellectual disability;

(c) Emotional disturbance;

(d) Cultural factors;

(e) Environmental or economic disadvantage; or

(f) Limited English proficiency.

(4) To ensure that underachievement in a student suspected of having a specific learning disability is not due to lack of appropriate instruction in reading or math, the group must consider:

(a) Data that demonstrate that prior to, or as a part of, the referral process, the student was provided appropriate instruction in general education settings, delivered by qualified personnel; and

(b) Data-based documentation of repeated assessments of achievement at reasonable intervals, reflecting formal assessment of student progress during instruction, which was provided to the student's parents.

(5) The district or other public agency must promptly request parental consent to evaluate the student to determine if the student needs special education and related services, and must adhere to the time frames for an initial evaluation under WAC 392-172A-03005:

(a) If, prior to a referral, a student has not made adequate progress after an appropriate period of time when provided instruction, as described in subsection (4)(a) and (b) of this section; or

(b) Whenever a student is referred for an evaluation.

WAC 392-172A-03060 Process based on a student's response to scientific research-based intervention. (1) School districts using a process based on a student's response to scientific, research-based interventions to determine if a student has a specific learning disability shall adopt procedures to ensure that such process includes the following elements:

- (a) Universal screening and/or benchmarking at fixed intervals at least three times throughout the school year;
- (b) A high quality core curriculum designed to meet the instructional needs of all students;
- (c) Scientific research-based interventions as defined in WAC 392-172A-01165 are identified for use with students needing additional instruction;
- (d) Scientific research-based interventions used with a student are appropriate for the student's identified need and are implemented with fidelity;
- (e) A multitiered model is developed for delivering both the core curriculum and strategic and intensive scientific research-based interventions in the general education setting;
- (f) Frequent monitoring of individual student progress occurs in accordance with the constructs of the multitiered delivery system implemented in the school consistent with the intervention and tier at which it is being applied; and
- (g) Decision making using problem solving or standard treatment protocol techniques is based upon, but not limited to, student centered data including the use of curriculum based measures, available standardized assessment data, intensive interventions, and instructional performance level.

(2) Such policies and procedures outlined in subsection (1) of this section shall be designed so that districts can establish that:

- (a) The student's general education core curriculum instruction provided the student the opportunity to increase her or his rate of learning;
- (b) Two or more intensive scientific research-based interventions, identified to allow the student to progress toward his or her improvement targets, were implemented with fidelity and for a sufficient duration to establish that the student's rate of learning using intensive scientific research-based interventions in the general education setting, in addition to or in place of the core curriculum, did not increase or allow the student to reach the targets identified for the student;
- (c) The duration of the intensive scientific research-based interventions that were implemented was long enough to gather sufficient data points below the student's aim line to demonstrate student response for each of the interventions through progress monitoring to determine the effectiveness of the interventions.

(3) OSPI has developed guidelines for using response to intervention to assist districts in developing the procedures required under this section.

[Statutory Authority: RCW 28A.155.090(7) and 42 U.S.C. 1400 et. seq. WSR 07-14-078, § 392-172A-03060, filed 6/29/07, effective 7/30/07.]

WAC 392-172A-03065 Use of discrepancy tables for determining severe discrepancy. (1) If the school district uses a severe discrepancy model, it will use the OSPI's published discrepancy tables for the purpose of determining a

severe discrepancy between intellectual ability and academic achievement.

(2) The tables are developed on the basis of a regressed standard score discrepancy method that includes:

- (a) The reliability coefficient of the intellectual ability test;
 - (b) The reliability coefficient of the academic achievement test; and
 - (c) An appropriate correlation between the intellectual ability and the academic achievement tests.
- (3) The regressed standard score discrepancy method is applied at a criterion level of 1.55.

[Statutory Authority: RCW 28A.155.090(7) and 42 U.S.C. 1400 et. seq. WSR 07-14-078, § 392-172A-03065, filed 6/29/07, effective 7/30/07.]

WAC 392-172A-03070 Method for documenting severe discrepancy. (1) For the purposes of applying the severe discrepancy tables, the following scores shall be used:

- (a) A total or full scale intellectual ability score;
- (b) An academic achievement test score which can be converted into a standard score with a mean of one hundred and a standard deviation of fifteen; and
- (c) A severe discrepancy between the student's intellectual ability and academic achievement in one or more of the areas addressed in WAC 392-172A-03055(1) shall be determined by applying the regressed standard score discrepancy method to the obtained intellectual ability and achievement test scores using the tables referenced above.

(2) Where the evaluation results do not appear to accurately represent the student's intellectual ability or where the discrepancy between the student's intellectual ability and academic achievement does not appear to be accurate upon application of the discrepancy tables, the evaluation group, described in WAC 392-172A-03050, may apply professional judgment in order to determine the presence of a specific learning disability. Data obtained from formal assessments, reviewing of existing data, assessments of student progress, observation of the student, and information gathered from all other evaluation processes for students being identified for a specific learning disability must be used when applying professional judgment to determine if a severe discrepancy exists. When applying professional judgment, the group shall document in a written narrative an explanation as to why the student has a severe discrepancy, including a description of all data used to make the determination through the use of professional judgment.

[Statutory Authority: RCW 28A.155.090(7) and 42 U.S.C. 1400 et. seq. WSR 07-14-078, § 392-172A-03070, filed 6/29/07, effective 7/30/07.]

WAC 392-172A-03075 Observation of students suspected of having a specific learning disability. (1) School districts must ensure that a student who is suspected of having a specific learning disability is observed in the student's learning environment, including the general education classroom setting, to document the student's academic performance and behavior in the areas of difficulty.

- (2) The evaluation group must:
 - (a) Use information from an observation in routine classroom instruction and monitoring of the student's performance that was done before the student was referred for an evaluation; or

(b) Have at least one member of the evaluation group conduct an observation of the student's academic performance in the general education classroom after the student has been referred for an evaluation and parental consent is obtained.

(3) In the case of a student of less than school age or out of school, a group member must observe the student in a learning environment appropriate for that student.

[Statutory Authority: RCW 28A.155.090(7) and 42 U.S.C. 1400 et. seq. WSR 07-14-078, § 392-172A-03075, filed 6/29/07, effective 7/30/07.]

WAC 392-172A-03080 Specific documentation for the eligibility determination of students suspected of having specific learning disabilities. (1) In addition to the requirements for evaluation reports under WAC 392-172A-03035, for a student suspected of having a specific learning disability, the documentation of the determination of eligibility must contain a statement of:

- (a) Whether the student has a specific learning disability;
- (b) The basis for making the determination, including an assurance that the determination has been made in accordance with WAC 392-172A-03040;
- (c) The relevant behavior, if any, noted during the observation of the student and the relationship of that behavior to the student's academic functioning;
- (d) Any educationally relevant medical findings;
- (e) Whether:
 - (i) The student does not achieve adequately for the student's age or meet state grade level standards in one or more of the areas described in WAC 392-172A-03055(1); and
 - (ii)(A) The student does not make sufficient progress to meet age or state grade level standards when using a process based on the student's response to scientific research-based interventions consistent with WAC 392-172A-03060; or
 - (B) The student meets eligibility through a severe discrepancy model consistent with WAC 392-172A-03070; and
 - (C) If used as part of the eligibility determination under (A) or (B) of this subsection, a discussion of the student's pattern of strengths and weaknesses in performance, achievement or both, relative to age, state grade level standards, or intellectual development.
- (f) The determination of the group concerning the effects of a visual, hearing, or motor disability; intellectual disability; emotional disturbance; cultural factors; environmental or economic disadvantage; or limited English proficiency on the student's achievement level; and
- (g) If the student has participated in a process that assesses the student's response to scientific, research-based intervention:
 - (i) The instructional strategies used and the student-centered data collected in accordance with the district's response to intervention procedures; and
 - (ii) The documentation that the student's parents were notified about:
 - (A) State and school district policies regarding the amount and nature of student performance data that would be collected and the general education services that would be provided;
 - (B) Strategies for increasing the student's rate of learning; and
 - (C) The parents' right to request an evaluation.

(2) Each group member must certify in writing whether the report reflects the member's conclusion. If it does not reflect the member's conclusion, the group member must submit a separate statement presenting the member's conclusions.

WAC 392-172A-03095 IEP team membership. (1)

School districts must ensure that the IEP team for each student eligible for special education includes:

(a) The parents of the student;

(b) Not less than one general education teacher of the student if the student is, or may be, participating in the general education environment;

(c) Not less than one special education teacher of the student, or where appropriate, not less than one special education provider of the student;

(2)(a) The student must be invited to the IEP team meeting when the purpose of the meeting will be the consideration of the postsecondary goals for the student and the transition services needed to assist the student in reaching those goals.

(b) If the student does not attend the IEP team meeting, the school district must take other steps to ensure that the student's preferences and interests are considered.

(c) To the extent appropriate, with the consent of the parents or a student who has reached the age of majority, the public agency must invite a representative of any participating agency that is likely to be responsible for providing or paying for transition services.

(3) The determination of the knowledge or special expertise of any individual invited pursuant to subsection (1)(f) of this section must be made by the party who invited the individual to be a member of the IEP team.

(4) A school district may designate one of the members of the IEP team identified in subsection (1)(b), (c), or (e) of this section to also serve as the district representative, if the criteria in subsection (1)(d) of this section are satisfied.

(5)(a) A school district member of the IEP team is not required to attend a meeting, in whole or in part, if the parent of a student eligible for special education and the school district agree, in writing, that the attendance of the member is not necessary because the member's area of the curriculum or related services is not being modified or discussed in the meeting.

(b) A member of the IEP team described in (a) of this subsection may be excused from attending an IEP team meeting, in whole or in part, when the meeting involves a modification to or discussion of the member's area of the curriculum or related services, if:

(i) The parent, in writing, and the public agency consent to the excusal; and

(ii) The member submits written input into the development of the IEP prior to the meeting and provides the input to the parent and other IEP team members.

(6) In the case of a student who was previously served under Part C of the act, an invitation to the initial IEP team meeting must, at the request of the parent, be sent to the Part C service coordinator or other representatives as specified by the state lead agency for Part C to assist with the smooth transition of services.

WAC 392-172A-03100 Parent participation. A school district must ensure that one or both of the parents of a student eligible for special education are present at each IEP team meeting or are afforded the opportunity to participate, including:

(1) Notifying parents of the meeting early enough to ensure that they will have an opportunity to attend; and

(2) Scheduling the meeting at a mutually agreed on time and place.

(3) The notification required under subsection (1) of this subsection must:

(a) Indicate the purpose, time, and location of the meeting and who will be in attendance; and

(b) Inform the parents about the provisions relating to the participation of other individuals on the IEP team who have knowledge or special expertise about the student, and participation of the Part C service coordinator or other designated representatives of the Part C system as specified by the state lead agency for Part C at the initial IEP team meeting for a child previously served under Part C of IDEA.

(4) Beginning not later than the first IEP to be in effect when the student turns sixteen, or younger if determined appropriate by the IEP team, the notice also must:

(a) Indicate that a purpose of the meeting will be the consideration of the postsecondary goals and transition services for the student and that the agency will invite the student; and

(b) Identify any other agency that will be invited to send a representative.

(5) If neither parent can attend an IEP team meeting, the school district must use other methods to ensure parent participation, including video or telephone conference calls.

(6) A meeting may be conducted without a parent in attendance if the school district is unable to convince the parents that they should attend. In this case, the public agency must keep a record of its attempts to arrange a mutually agreed on time and place, such as:

(a) Detailed records of telephone calls made or attempted and the results of those calls;

(b) Copies of correspondence sent to the parents and any responses received; and

(c) Detailed records of visits made to the parent's home or place of employment and the results of those visits.

(7) The school district must take whatever action is necessary to ensure that the parent understands the proceedings of the IEP team meeting, including arranging for an interpreter for parents with deafness or whose native language is other than English.

(8) The school district must give the parent a copy of the student's IEP at no cost to the parent.

WAC 392-172A-03105 When IEPs must be in effect.

(1) At the beginning of each school year, each school district must have an IEP in effect for each student eligible for special education that it is serving through enrollment in the district.

(2) For an initial IEP, a school district must ensure that:

(a) The school district holds a meeting to develop the student's IEP within thirty days of a determination that the

student is eligible for special education and related services; and

(b) As soon as possible following development of the IEP, special education and related services are made available to the student in accordance with the student's IEP.

(3) Each school district must ensure that:

(a) The student's IEP is accessible to each general education teacher, special education teacher, related services provider, and any other service provider who is responsible for its implementation; and

(b) Each teacher and provider described in (a) of this subsection is informed of:

(i) His or her specific responsibilities related to implementing the student's IEP; and

(ii) The specific accommodations, modifications, and supports that must be provided for the student in accordance with the IEP.

(4) If a student eligible for special education transfers from one school district to another school district within the state and has an IEP that was in effect for the current school year from the previous school district, the new school district, in consultation with the parents, must provide FAPE to the student including services comparable to those described in the student's IEP, until the new school district either:

(a) Adopts the student's IEP from the previous school district; or

(b) Develops, adopts, and implements a new IEP that meets the applicable requirements in WAC 392-172A-03090 through 392-172A-03110.

(5) If a student eligible for special education transfers from a school district located in another state to a school district within the state and has an IEP that is in effect for the current school year from the previous school district, the new school district, in consultation with the parents, must provide FAPE to the student including services comparable to those described in the student's IEP, until the new school district:

(a) Conducts an evaluation to determine whether the student is eligible for special education services in this state, if the school district determines an evaluation is necessary to establish eligibility requirements under state standards; and

(b) Develops, adopts, and implements a new IEP, if appropriate, that meets the applicable requirements in WAC 392-172A-03090 through 392-172A-03110.

(6) To facilitate the transition for a student described in subsections (4) and (5) of this section:

(a) The new school in which the student enrolls must take reasonable steps to promptly obtain the student's records, including the IEP and supporting documents and any other records relating to the provision of special education or related services to the student, from the school district in which the student was previously enrolled, pursuant to RCW 28A.225.330 and consistent with applicable Family Education Rights and Privacy Act (FERPA) requirements; and

(b) The school district in which the student was enrolled must take reasonable steps to promptly respond to the request from the new school district, pursuant to RCW 28A.225.330 and applicable FERPA requirements.

WAC 392-172A-03110 Development, review, and revision of IEP. (1) In developing each student's IEP, the IEP team must consider:

- (a) The strengths of the student;
- (b) The concerns of the parents for enhancing the education of their student;
- (c) The results of the initial or most recent evaluation of the student; and
- (d) The academic, developmental, and functional needs of the student.

(2)(a) When considering special factors unique to a student, the IEP team must:

(i) Consider the use of positive behavioral interventions and supports, and other strategies, to address behavior, in the case of a student whose behavior impedes the student's learning or that of others; and

(ii) Consider the language needs of the student as those needs relate to the student's IEP, for a student with limited English proficiency;

(iii) In the case of a student who is blind or visually impaired, provide for instruction in Braille and the use of Braille unless the IEP team determines, after an evaluation of the student's reading and writing skills, needs, and appropriate reading and writing media (including an evaluation of the student's future needs for instruction in Braille or the use of Braille), that instruction in Braille or the use of Braille is not appropriate for the student;

(iv) Consider the communication needs of the student, and in the case of a student who is deaf or hard of hearing, consider the student's language and communication needs, opportunities for direct communications with peers and professional personnel in the student's language and communication mode, academic level, and full range of needs, including opportunities for direct instruction in the student's language and communication mode; and

(v) Consider whether the student needs assistive technology devices and services.

(b) A general education teacher of a student eligible for special education, as a member of the IEP team, must, to the extent appropriate, participate in the development of the student's IEP, including the determination of:

(i) Appropriate positive behavioral interventions and supports and other strategies for the student; and

(ii) Supplementary aids and services, program modifications, and support for school personnel consistent with WAC 392-172A-01185.

(c) After the annual IEP team meeting for a school year, the parent of a student eligible for special education and the school district may agree not to convene an IEP team meeting for the purposes of making changes to the IEP, and instead may develop a written document to amend or modify the student's current IEP. If changes are made to the student's IEP the school district must ensure that the student's IEP team is informed of those changes and that other providers responsible for implementing the IEP are informed of any changes

that affect their responsibility to the student, consistent with WAC 392-172A-03105(3).

(d) Changes to the IEP may be made either by the entire IEP team at an IEP team meeting, or as provided in (c) of this subsection, by amending the IEP rather than by redrafting the entire IEP. Upon request, a parent must be provided with a revised copy of the IEP with the amendments incorporated.

(e) To the extent possible, the school districts must encourage the consolidation of reevaluation meetings and other IEP team meetings for the student.

(3) Each public agency must ensure that, subject to subsections (4) and (5) of this section the IEP team:

(a) Reviews the student's IEP periodically, but not less than annually, to determine whether the annual goals for the student are being achieved; and

(b) Revises the IEP, as appropriate, to address:

(i) Any lack of expected progress toward the annual goals described in WAC 392-172A-03090 (1)(b) and in the general education curriculum, if appropriate;

(ii) The results of any reevaluations;

(iii) Information about the student provided to, or by, the parents, as described under WAC 392-172A-03025;

(iv) The student's anticipated needs; or

(v) Other matters.

(4) In conducting a review of the student's IEP, the IEP team must consider the special factors described in subsection (2)(a) of this section. In the case of a student whose behavior continues to impede the progress of the student or others despite the use of positive behavioral support strategies: Consider the need for aversive interventions only as a last resort, if positive behavior supports have been used in accordance with the student's IEP, the use of positive behavior supports has been documented to be ineffective, and the IEP team, consistent with WAC 392-172A-03120 through 392-172A-03135 determines that an aversive intervention plan is necessary for the student.

(5) A general education teacher of the student, as a member of the IEP team, must, consistent with subsection (2)(b) of this section, participate in the review and revision of the IEP of the student.

(6)(a) If a participating agency, other than the school district, fails to provide the transition services described in the IEP in accordance with WAC 392-172A-03090 (1)(j), the school district must reconvene the IEP team to identify alternative strategies to meet the transition objectives for the student set out in the IEP.

(b) Nothing in this chapter relieves any participating agency, including a state vocational rehabilitation agency, of the responsibility to provide or pay for any transition service that the agency would otherwise provide to students eligible for special education services who meet the eligibility criteria of that agency.

(7)(a) The following requirements do not apply to students eligible for special education who are convicted as adults under state law and incarcerated in adult prisons:

(i) The requirement that students eligible for special education participate in district or statewide assessments.

(ii) The requirements related to transition planning and transition services, if the student's eligibility for special education services will end because of their age, before they will

be eligible to be released from prison based on consideration of their sentence and eligibility for early release.

(b)(i) Subject to (b)(ii) of this subsection, the IEP team of a student with a disability who is convicted as an adult under state law and incarcerated in an adult prison may modify the student's IEP or placement if the state has demonstrated a bona fide security or compelling penological interest that cannot otherwise be accommodated.

(ii) Contents of the IEP and LRE (least restrictive environment) requirements do not apply with respect to the modifications described in (b)(i) of this subsection.

WAC 392-172A-03115 Educational placements. Consistent with WAC 392-172A-05000 (3)(a), each school district must ensure that the parents of each student eligible for special education are members of any group that makes decisions on the educational placement of the student.

AVERSIVE INTERVENTIONS

WAC 392-172A-03120 Aversive interventions definition and purpose. (1) The term "aversive interventions" means the use of isolation or restraint practices for the purpose of discouraging undesirable behavior on the part of the student. The term does not include the use of reasonable force, restraint, or other treatment to control unpredicted spontaneous behavior which poses one of the following dangers:

- (a) A clear and present danger of serious harm to the student or another person.
- (b) A clear and present danger of serious harm to property.
- (c) A clear and present danger of seriously disrupting the educational process.

(2) The purpose of requiring an aversive intervention plan is to assure that students eligible for special education are safeguarded against the misuse of various forms of aversive interventions. Each school district shall take steps to ensure that each employee, volunteer, contractor, and other agent of the district or other public agency responsible for the education, care, or custody of a student is aware of aversive intervention requirements and the conditions under which they may be used. A school district must not authorize, permit, or condone the use of aversive interventions which violate WAC 392-172A-03120 through 392-172A-03135 by any employee, volunteer, contractor or other agent of the school district responsible for the education, care, or custody of a student eligible for special education. Aversive interventions, to the extent permitted, shall only be used as a last resort. Positive behavioral supports and interventions shall be used by the school district and described in the individualized education program prior to the determination that the use of aversive interventions and development of an aversive intervention plan is a necessary part of the student's individualized education program, in addition to the use of positive behavioral supports and interventions.

WAC 392-172A-03125 Aversive intervention prohibitions. There are certain interventions that are manifestly inappropriate by reason of their offensive nature or their potential negative physical consequences, or their legality. The purpose of this section is to uniformly prohibit their use with students eligible for special education as follows:

(1) Electric current. No student may be stimulated by contact with electric current.

(2) Food services. A student who is willing to consume subsistence food or liquid when the food or liquid is customarily served must not be denied or subjected to an unreasonable delay in the provision of the food or liquid.

(3)(a) Force and restraint in general. A district must not use force or restraint which is either unreasonable under the circumstances or deemed to be an unreasonable form of corporal punishment as a matter of state law. See RCW 9A.16.-100 which prohibits the following uses of force or restraint:

- (i) Throwing, kicking, burning, or cutting a student.
- (ii) Striking a student with a closed fist.
- (iii) Shaking a student under age three.
- (iv) Interfering with a student's breathing.
- (v) Threatening a student with a deadly weapon.
- (vi) Doing any other act that is likely to cause bodily harm to a student greater than transient pain or minor temporary marks.

(b) The statutory listing of worst case uses of force or restraint described in this subsection may not be read as implying that all unlisted uses (e.g., shaking a four year old) are permissible. Whether or not an unlisted use of force or restraint is permissible depends upon such considerations as the balance of these rules, and whether the use is reasonable under the circumstances.

(4) Hygiene care. A student must not be denied or subjected to an unreasonable delay in the provision of common hygiene care.

(5) Isolation. A student must not be excluded from his or her regular instructional or service area and isolated within a room or any other form of enclosure, except under the conditions set forth in WAC 392-172A-03130.

(6) Medication. A student must not be denied or subjected to an unreasonable delay in the provision of medication.

(7) Noise. A student must not be forced to listen to noise or sound that the student finds painful.

(8) Noxious sprays. A student must not be forced to smell or be sprayed in the face with a noxious or potentially harmful substance.

(9) Physical restraints. A student must not be physically restrained or immobilized by binding or otherwise attaching the student's limbs together or by binding or otherwise attaching any part of the student's body to an object, except under the conditions set forth in WAC 392-172A-03130.

(10) Taste treatment. A student must not be forced to taste or ingest a substance which is not commonly consumed or which is not commonly consumed in its existing form or concentration.

[Ch. 392-172A WAC p. 27]

(11) Water treatment. A student's head must not be partially or wholly submerged in water or any other liquid.

WAC 392-172A-03130 Aversive interventions—Conditions. Use of various forms of aversive interventions which are not prohibited by WAC 392-172A-03125 warrant close scrutiny. Accordingly, the use of aversive interventions involving bodily contact, isolation, or physical restraint not prohibited is conditioned upon compliance with the following procedural and substantive safeguards:

(1) Bodily contact. The use of any form of aversive interventions which involves contacting the body of a student shall be addressed in the student's aversive intervention plan that meets the requirements of WAC 392-172A-03135.

(2) Isolation. The use of aversive interventions which involves excluding a student from his or her regular instructional area and isolation of the student within a room or any other form of enclosure is subject to each of the following conditions:

(a) The isolation, including the duration of its use, shall be addressed in the student's aversive intervention plan that meets the requirements of WAC 392-172A-03135.

(b) The enclosure shall be ventilated, lighted, and temperature controlled from inside or outside for purposes of human occupancy.

(c) The enclosure shall permit continuous visual monitoring of the student from outside the enclosure.

(d) An adult responsible for supervising the student shall remain in visual or auditory range of the student.

(e) Either the student shall be capable of releasing himself or herself from the enclosure or the student shall continuously remain within view of an adult responsible for supervising the student.

(3) Physical restraint. The use of aversive interventions which involves physically restraining or immobilizing a student by binding or otherwise attaching the student's limbs together or by binding or otherwise attaching any part of the student's body to an object is subject to each of the following conditions:

(a) The restraint shall only be used when and to the extent it is reasonably necessary to protect the student, other persons, or property from serious harm.

(b) The restraint, including the duration of its use, shall be addressed in the student's aversive intervention plan that meets the requirements of WAC 392-172A-03135.

(c) The restraint shall not interfere with the student's breathing.

(d) An adult responsible for supervising the student shall remain in visual or auditory range of the student.

(e) Either the student shall be capable of releasing himself or herself from the restraint or the student shall continuously remain within view of an adult responsible for supervising the student.

(a) Be consistent with the recommendations of the IEP team which must include a school psychologist and/or other certificated employee who understands the appropriate use of the aversive interventions and who concurs with the recommended use of the aversive interventions, and a person who works directly with the student.

(b) Specify the aversive interventions that may be used.

(c) State the reason the aversive interventions are judged to be appropriate and the behavioral objective sought to be achieved by its use, and shall describe the positive interventions attempted and the reasons they failed, if known.

(d) Describe the circumstances under which the aversive interventions may be used.

(e) Describe or specify the maximum duration of each isolation or restraint.

(f) Specify any special precautions that must be taken in connection with the use of the aversive interventions technique.

(g) Specify the person or persons permitted to use the aversive interventions and the current qualifications and required training of the personnel permitted to use the aversive interventions.

(h) Establish a means of evaluating the effects of the use of the aversive interventions and a schedule for periodically conducting the evaluation at least every three months when school is in session.

(i) Include procedures for notifying the parent regarding the use of restraint or isolation.

(2) School districts shall document each use of an aversive intervention, circumstances under which it was used, the length of time of use, and follow the documentation and notification procedures required under ESHB 1688.

(3) School districts must provide a copy of the district policy on its use of isolation and restraint to parents of students eligible for special education.

STUDENTS IN PRIVATE SCHOOLS

Students Eligible for Special Education Enrolled by Their Parents in Private Schools

WAC 392-172A-04000 Definition of parentally placed private school students. Parentally placed private school students means students eligible for special education services enrolled by their parents in private, including religious, elementary or secondary schools. It does not include students placed by a school district in a nonpublic agency for the provision of FAPE.

[Statutory Authority: RCW 28A.155.090(7) and 42 U.S.C. 1400 et. seq. WSR 07-14-078, § 392-172A-04000, filed 6/29/07, effective 7/30/07.]

WAC 392-172A-04005 Child find for parentally placed private school students eligible for special education. (1) Each school district must locate, identify, and evaluate all students who may be eligible for special education who are enrolled by their parents in private, including religious, elementary and secondary schools located in the school district, in accordance with general child find procedures and subsections (2) through (5) of this section.

(2) The child find process must be designed to ensure:

(a) The equitable participation of parentally placed private school students; and

(b) An accurate count of those students.

(3) In carrying out the requirements of this section, the school district must undertake activities similar to the activities undertaken for the school district's public school students.

(4) The cost of carrying out the child find requirements in this section, including individual evaluations, may not be considered in determining if the school district has met its proportional share obligation under WAC 392-172A-04015.

(5) The child find process must be completed in a time period comparable to that for students attending public schools in the school district.

(6) Each school district in which private, including religious, elementary schools and secondary schools are located must include parentally placed private school students who reside in another state but attend the private school located within the school district boundaries.

(3) An approved nonpublic agency must promptly notify any school districts with whom they contract and the OSPI of any complaints it receives regarding services to students.

STUDENTS ELIGIBLE FOR SPECIAL EDUCATION SERVICES ENROLLED BY THEIR PARENTS IN PRIVATE SCHOOLS WHEN FAPE IS AT ISSUE

WAC 392-172A-04115 Placement of students when FAPE is at issue. (1) If a student eligible for special education has a FAPE available and the parents choose to place the student in a private school or facility, the school district is not required by this chapter to pay for the student's education, including special education and related services, at the private school or facility. However, the school district shall include that student in the population whose needs are addressed consistent with WAC 392-172A-04000 through 392-172A-04070.

(2) Disagreements between the parents and a school district regarding the availability of a program appropriate for the student and the question of financial reimbursement are subject to the due process procedures at WAC 392-172A-05080 through 392-172A-05125.

(3) If the parents of a student, who previously received special education and related services under the authority of a school district, enroll the student in a private preschool, elementary or secondary school, or other facility without the consent of or referral by a school district or other public agency, a court or an administrative law judge may require a school district or other public agency to reimburse the parents for the cost of that enrollment if the court or administrative law judge finds that a school district or other public agency had not made a free appropriate public education available to the student in a timely manner prior to that enrollment and that the private placement is appropriate. A parental placement may be found to be appropriate by a hearing officer or a court even if it does not meet the state standards that apply to education provided by a school district or other public agency.

(4) The cost of reimbursement may be reduced or denied if:

(a)(i) At the most recent individualized education program meeting that the parents attended prior to removal of the student from the public school, the parents did not inform the team that they were rejecting the placement proposed by a school district to provide a FAPE to their student, including stating their concerns and their intent to enroll their student in a private school at public expense; or

(ii) At least ten business days (including any holidays that occur on a business day) prior to the removal of the student from the public school, the parents did not give written

notice to a school district of the information described in (a)(i) of this subsection; or

(b) Prior to the parents' removal of the student from the public school, a school district informed the parents, through the notice requirements described in this chapter, of its intent to evaluate the student (including a statement of the purpose of the evaluation that was appropriate and reasonable), but the parents did not make the student available for the evaluation; or

(c) Upon a judicial finding of unreasonableness with respect to actions taken by the parents.

(5) Notwithstanding the notice requirement in subsection (4)(a)(i) of this section, the cost of reimbursement must not be reduced or denied for failure to provide the notice if:

(a) The school district prevented the parent from providing the notice; or

(b) The parent had not received the procedural safeguards containing notice of the requirement to notify a school district of the information required in subsection (4)(a)(i) of this section.

(6) An administrative law judge or court may, in its discretion, determine that the cost of reimbursement will not be reduced or denied for failure to provide the notice in subsection (4)(a)(i) of this section if:

(a) The parents are not literate or cannot write in English; or

(b) Compliance with subsection (4)(a)(i) of this section would likely result in serious emotional harm to the student.

SAFEGUARDS

WAC 392-172A-05000 Opportunity to examine records—Parent participation in meetings. (1) The parents of a student eligible for special education must be afforded an opportunity to inspect and review all education records. Inspection and review of education records is provided consistent with WAC 392-172A-05180 through 392-172A-05245.

(2)(a) The parents of a student eligible for special education must be afforded an opportunity to participate in meetings with respect to the identification, evaluation, educational placement and the provision of FAPE to the student.

(b) Each school district must provide notice consistent with WAC 392-172A-03100 (1) and (3) to ensure that parents of students eligible for special education have the opportunity to participate in meetings described in (a) of this subsection.

(c) A meeting does not include informal or unscheduled conversations involving school district personnel and conversations on issues such as teaching methodology, lesson plans, or coordination of service provision. A meeting also does not include preparatory activities that school district personnel engage in to develop a proposal or response to a parent proposal that will be discussed at a later meeting.

(3)(a) Each school district must ensure that a parent of each student eligible for special education is a member of any

group that makes decisions on the educational placement of the parent's child.

(b) In implementing the requirements of (a) of this subsection, the school district must use procedures consistent with the procedures described in WAC 392-172A-03100 (1) through (3).

(c) If neither parent can participate in a meeting in which a decision is to be made relating to the educational placement of their child, the school district must use other methods to ensure their participation, including individual or conference telephone calls, or video conferencing.

(d) A placement decision may be made by a group without the involvement of a parent, if the school district is unable to obtain the parent's participation in the decision. In this case, the school district must have a record of its attempt to ensure their involvement.

(4) When conducting IEP team meetings and placement meetings and in carrying out administrative matters such as scheduling, exchange of witness lists and status conferences for due process hearing requests, the parent and the district may agree to use alternative means of meeting participation such as video conferences and conference calls.

WAC 392-172A-05005 Independent educational evaluation. (1)(a) Parents of a student eligible for special education have the right under this chapter to obtain an independent educational evaluation of the student if the parent disagrees with the school district's evaluation subject to subsections (2) through (7) of this section.

(b) Each school district shall provide to parents, upon request for an independent educational evaluation, information about where an independent educational evaluation may be obtained, and the agency criteria applicable for independent educational evaluations as set forth in subsection (7) of this section.

(c) For the purposes of this section:

(i) Independent educational evaluation means an evaluation conducted by a qualified examiner who is not employed by the school district responsible for the education of the student in question; and

(ii) Public expense means that the school district either pays for the full cost of the evaluation or ensures that the evaluation is otherwise provided at no cost to the parent, consistent with this chapter.

(2)(a) A parent has the right to an independent educational evaluation at public expense if the parent disagrees with an evaluation conducted or obtained by the school district.

(b) A parent is entitled to only one independent educational evaluation at public expense each time the school district conducts an evaluation with which the parent disagrees.

(c) If a parent requests an independent educational evaluation at public expense consistent with (a) of this subsection, the school district must either:

(i) Initiate a due process hearing within fifteen days to show that its evaluation is appropriate; or

(ii) Ensure that an independent educational evaluation is provided at public expense without unnecessary delay, unless the school district demonstrates in a hearing under this chap-

ter that the evaluation obtained by the parent did not meet agency criteria.

(3) If the school district initiates a hearing and the final decision is that the district's evaluation is appropriate, the parent still has the right to an independent educational evaluation, but not at public expense.

(4) If a parent requests an independent educational evaluation, the school district may ask for the parent's reason why he or she objects to the school district's evaluation. However, the explanation by the parent may not be required and the school district must either provide the independent educational evaluation at public expense or initiate a due process hearing to defend the educational evaluation.

(5) If the parent obtains an independent educational evaluation at public or private expense, the results of the evaluation:

(a) Must be considered by the school district, if it meets agency criteria, in any decision made with respect to the provision of FAPE to the student; and

(b) May be presented as evidence at a hearing under this chapter regarding that student.

(6) If an administrative law judge requests an independent educational evaluation as part of a due process hearing, the cost of the evaluation must be at public expense.

(7)(a) If an independent educational evaluation is at public expense, the criteria under which the evaluation is obtained, including the location of the evaluation and the qualifications of the examiner, must be the same as the criteria that the school district uses when it initiates an evaluation, to the extent those criteria are consistent with the parent's right to an independent educational evaluation.

(b) Except for the criteria described in (a) of this subsection, a school district may not impose conditions or timelines related to obtaining an independent educational evaluation at public expense.

(2) The due process hearing request must be made within two years of, and allege a violation that occurred not more than two years before, the date the parent or school district knew or should have known about the alleged action that forms the basis of the due process complaint except the timeline does not apply to a parent if the parent was prevented from filing a due process hearing request due to:

(a) Specific misrepresentations by the school district that it had resolved the problem forming the basis of the due process hearing request; or

(b) The school district withheld information from the parent that was required under this chapter to be provided to the parent.

(3)(a) Information about any free or low-cost legal and other relevant services available in the area is maintained on OSPI's web site and is provided by the office of administrative hearings to parents whenever a due process hearing request is filed by either the parent or the school district; and

(b) School districts must provide this information to parents whenever a parent requests the information.

WAC 392-172A-05085 Due process hearing request filing and response. (1)(a) To file a due process hearing request, the parent or the school district (party), or the attorney representing a party, must file the request, which must remain confidential, directly with the other party; and

(b) The party filing the due process hearing request must also mail or provide a copy of the due process hearing request

directly to OSPI, Administrative Resources Section, Old Capitol Building, P.O. Box 47200, Olympia, WA 98504.

(c) When a parent is filing a due process hearing request, the party to be served is the superintendent of the school district, or public agency responsible for the student.

(2) The due process hearing request required in subsection (1) of this section must include:

(a) The name of the student;

(b) The address of the residence of the student;

(c) The name of the school the student is attending, and the name of the district or public agency that is responsible for the student's special education program in the school;

(f) A proposed resolution of the problem to the extent known and available to the party at the time.

(3) OSPI has developed a due process hearing request form to assist parents and school districts filing a due process hearing. Parents and school districts are not required to use this form, and may use the form, or another form or other document, so long as the form or document that is used, meets the requirements in subsection (2) of this section.

(4) A party may not have a hearing on a due process hearing request until the party, or the attorney representing the party, files a due process hearing request that meets the requirements of subsection (2) of this section.

(5)(a) The due process hearing request will be deemed sufficient unless the party receiving the due process hearing request notifies the administrative law judge and the other party in writing, within fifteen days of receipt of the due process hearing request, that the receiving party believes the due process hearing request does not meet the requirements in subsection (2) of this section.

(b) Within five days of receipt of notification that a due process hearing request is not sufficient, the administrative law judge must make a determination on the face of the due process hearing request of whether the request meets the requirements of subsection (2) of this section, and must immediately notify the parties in writing of that determination.

(6) A party may amend its due process hearing request only if:

(a) The other party consents in writing to the amendment and is given the opportunity to resolve the due process hearing request through a resolution meeting held pursuant to the procedures in WAC 392-172A-05090; or

(b) The administrative law judge grants permission, except that the administrative law judge may only grant permission to amend not later than five days before the due process hearing begins.

If a party is allowed to amend the due process hearing request under (a) or (b) of this subsection, the timelines for the resolution meeting in WAC 392-172A-05090 (2)(a) and the time period to resolve in WAC 392-172A-05090 (2)(b) begin again with the filing of the amended due process hearing request.

(7)(a) If the school district has not sent a prior written notice under WAC 392-172A-05010 to the parent regarding the subject matter contained in a parent's due process hearing request, the school must send the parent a response, within ten days of receiving the due process hearing request, that includes:

(ii) A description of other options that the IEP team or evaluation group considered and the reasons why those options were rejected;

(iii) A description of each evaluation procedure, assessment, record, or report the agency used as the basis for the proposed or refused action; and

(iv) A description of the other factors that are relevant to the district's proposed or refused action.

(b) A response by a school district under subsections (7) and (8) of this section shall not be construed to preclude the school district from asserting that the parent's due process hearing request was insufficient, where appropriate.

(8) Except as provided in subsection (7)(a) of this section, the party receiving a due process hearing request must send the party a response that specifically addresses the issues raised in the due process hearing request within ten days of receiving the due process hearing request.

WAC 392-172A-05090 Resolution process. (1)(a) Within fifteen days of receiving notice that a parent has filed a due process hearing request with the district and provided a copy of the due process request to the OSPI administrative resources section, and prior to the initiation of a due process hearing under WAC 392-172A-05100, the school district must convene a meeting with the parent and the relevant member or members of the IEP team who have specific knowledge of the facts identified in the due process hearing request and that:

(i) Includes a representative of the school district who has decision-making authority on behalf of that district; and

(ii) May not include an attorney of the school district unless the parent is accompanied by an attorney.

(b) The purpose of the meeting is for the parent of the child to discuss the due process hearing request, and the facts that form the basis of the request, so that the school district has the opportunity to resolve the dispute that is the basis for the due process hearing request.

(c) The meeting described in (a) of this subsection need not be held if:

(i) The parent and the school district agree in writing to waive the meeting; or

(ii) The parent and the school district agree to use the mediation process described in WAC 392-172A-05060.

(d) The parent and the school district determine the relevant members of the IEP team to attend the meeting.

(2)(a) If the school district has not resolved the due process hearing request to the satisfaction of the parent within thirty days of the parent's filing of the due process hearing request under WAC 392-172A-05085, the due process hearing may occur.

[Ch. 392-172A WAC p. 40]

(b) Except as provided in subsection (3) of this section, the timeline for issuing a final decision under WAC 392-172A-05105 begins at the expiration of this thirty-day period.

(c) Unless the parties have jointly agreed to waive the resolution process or to use mediation, notwithstanding (a) and (b) of this subsection, the failure of the parent filing a due process hearing request to participate in the resolution meeting will delay the timelines for the resolution process and due process hearing until the meeting is held.

(d) If the school district is unable to obtain the participation of the parent in the resolution meeting after reasonable efforts have been made and documented using the procedures in WAC 392-172A-03100(6), the school district may, at the conclusion of the thirty-day period, request that an administrative law judge dismiss the parent's due process hearing request.

(e) If the school district fails to hold the resolution meeting within fifteen days as specified in subsection (1) of this section or fails to participate in the resolution meeting, the parent may seek the intervention of an administrative law judge to begin the due process hearing timeline.

(3) The forty-five day timeline for the due process hearing starts the day after one of the following events:

(a) Both parties agree in writing to waive the resolution meeting;

(b) After either the mediation or resolution meeting starts but before the end of the thirty-day period, the parties agree in writing that no agreement is possible;

(c) If both parties agree in writing to continue the mediation at the end of the thirty-day resolution period, but later, the parent or school district withdraws from the mediation process.

(4)(a) If a resolution to the dispute is reached at the meeting described in subsection (1)(a) and (b) of this section, the parties must execute a legally binding agreement that is:

(i) Signed by both the parent and a representative of the school district who has the authority to bind the district; and

(ii) Enforceable in any state court of competent jurisdiction or in a district court of the United States.

(b) If the parties execute an agreement pursuant this section, a party may void the agreement within three business days of the agreement's execution.

(a) The prevailing party who is the parent of a student eligible or referred for special education;

(b) To a prevailing party who is a school district, or OSPI, against the attorney of a parent who files a due process request or subsequent cause of action that is frivolous, unreasonable, or without foundation, or against the attorney of a parent who continued to litigate after the litigation clearly became frivolous, unreasonable, or without foundation; or

(c) To a prevailing school district or OSPI against the attorney of a parent, or against the parent, if the parent's request for a due process hearing or subsequent cause of action was presented for any improper purpose, such as to harass, to cause unnecessary delay, or to needlessly increase the cost of litigation.

(2)(a) Funds under Part B of the act may not be used to pay attorneys' fees or costs of a party related to any action or proceeding under section 20 U.S.C. Sec. 1415 and 34 C.F.R. Secs. 300.500 through 300.599.

(b) Subsection (2)(a) of this section does not preclude a school district or OSPI from using funds under Part B of the act for conducting an action or proceeding under 20 U.S.C. Sec. 1415.

[Ch. 392-172A WAC p. 42]

(3)(a) Fees awarded under subsection (1) of this section must be based on rates prevailing in the community in which the action or proceeding arose for the kind and quality of services furnished. No bonus or multiplier may be used in calculating the fees awarded.

(b) Attorneys' fees may not be awarded and related costs may not be reimbursed in any action or proceeding under 20 U.S.C. Sec. 1415 for services performed after a written offer of settlement to a parent if:

(i) The offer is made within the time prescribed by Rule 68 of the Federal Rules of Civil Procedure or, in the case of an administrative proceeding, at any time more than ten days before the proceeding begins;

(ii) The offer is not accepted within ten days; and

(iii) The court or administrative law judge finds that the relief finally obtained by the parents is not more favorable to the parents than the offer of settlement.

(c) Attorneys' fees may not be awarded relating to any meeting of the IEP team unless the meeting is convened as a result of an administrative proceeding or judicial action.

(i) A resolution session meeting shall not be considered a meeting convened as a result of an administrative hearing or judicial action; or

(ii) An administrative hearing or judicial action for purposes of this section.

(4) Notwithstanding subsection (3)(b) of this section an award of attorneys' fees and related costs may be made to a parent who is the prevailing party and who was substantially justified in rejecting the settlement offer.

(5) Except as provided in subsection (5) of this section, the court will reduce, accordingly, the amount of the attorneys' fees awarded under this section if the court finds that:

(a) The parent, or the parent's attorney, during the course of the action or proceeding, unreasonably protracted the final resolution of the controversy;

(b) The amount of the attorneys' fees otherwise authorized to be awarded unreasonably exceeds the hourly rate prevailing in the community for similar services by attorneys of reasonably comparable skill, reputation, and experience;

(c) The time spent and legal services furnished were excessive considering the nature of the action or proceeding; or

(d) The attorney representing the parent did not provide to the school district the appropriate information in the due process request notice in accordance with WAC 392-172A-06085(2).

(6) The provisions of subsection (4) of this section do not apply in any action or proceeding if the court finds that the school district unreasonably protracted the final resolution of the action or proceeding or there was a violation under the provisions of 20 U.S.C. Sec. 1415.

(2) If the hearing request involves an application for initial admission to public school, the student, with the consent of the parents, must be placed in the public school until the completion of all the proceedings.

(3) If the hearing request involves an application for initial Part B services for a child who is transitioning from Part C of the act to Part B and is no longer eligible for Part C services because the child has turned three, the school district is not required to provide the Part C services that the child had been receiving. If the student is found eligible for special education and related services and the parent consents to the initial provision of special education and related services, then the school district must provide those special education and related services that are not in dispute between the parent and the school district.

(4) If the administrative law judge agrees with the student's parents that a change of placement is appropriate through the final decision or during the pendency of the due process hearing, that placement must be treated as an agreement between the school district and the parents for purposes of subsection (1) of this section.

TRANSFER OF RIGHTS AT AGE OF MAJORITY

WAC 392-172A-05135 Transfer of parental rights to the student at age of majority. (1) Subject to subsections (4) and (5) of this section, when a student eligible for special education reaches the age of eighteen or is deemed to have reached the age of majority, consistent with RCW 26.28.010 through 26.28.020:

(a) The school district shall provide any notices required under this chapter to both the student and the parents; and

(b) All other rights accorded to parents under the act and this chapter transfer to the student.

(2) All rights accorded to parents under the act transfer to students at the age of majority who are incarcerated in an adult or juvenile, state, or local correctional institution.

(3) Whenever a school district transfers rights under this section, it shall notify the student and the parents of the transfer of rights.

(4) Students who have been determined to be incapacitated pursuant to chapter 11.88 RCW shall be represented by the legal guardian appointed under that chapter.

(5) Students over the age of eighteen who have not been determined incapacitated under chapter 11.88 RCW, may be certified as unable to provide informed consent or to make educational decisions, and have an educational representative appointed for them pursuant to the following procedures:

(a) Two separate professionals must state in writing they have conducted a personal examination or interview with the student, the student is incapable of providing informed consent to make educational decisions, and the student has been informed of this decision. The professionals must be:

(i) A medical doctor licensed in the state where the doctor practices medicine;

(ii) A physician's assistant whose certification is countersigned by a supervising physician;

During the pendency of any challenge, the school district may not rely on the educational representative under this section until the educational representative obtains a new certification under the procedures outlined in (a) of this subsection. If a guardianship action is filed on behalf of the student while a certification is in effect, the school district must follow any court orders in the guardianship proceeding regarding the student's capacity.

DISCIPLINE PROCEDURES

WAC 392-172A-05140 Purpose. The purpose of WAC 392-172A-05140 through 392-172A-05175 is to ensure that students eligible for special education services are not improperly excluded from school for disciplinary reasons and are provided services in accordance with WAC 392-172A-05145. Each school district shall take steps to ensure that each employee, contractor, and other agent is knowledgeable of the disciplinary procedures to be followed for students eligible for special education and students who may be deemed to be eligible for special education, and knowledgeable of the rules and procedures contained in chapter 392-400 WAC governing discipline for all students.

WAC 392-172A-05145 Authority of school personnel. (1) School personnel may consider any unique circumstances on a case-by-case basis when determining whether a change in placement, consistent with the other requirements of this section, is appropriate for a student eligible for special education services, who violates a code of student conduct.

(2)(a) School personnel may remove a student eligible for special education who violates a code of student conduct from his or her current placement to an appropriate interim

alternative educational setting, another setting, or suspension, for not more than ten consecutive school days to the extent those alternatives are applied to students without disabilities under this section, and for additional removals of not more than ten consecutive school days in that same school year for separate incidents of misconduct as long as those removals do not constitute a change of placement under WAC 392-172A-05155.

(b) After a student has been removed from his or her current placement for ten school days in the same school year, during any subsequent days of removal the school district must provide services to the extent required under subsection (4) of this section.

(3) When disciplinary changes in placement exceed ten consecutive school days, and the behavior that gave rise to the violation of the school code is determined not to be a manifestation of the student's disability pursuant to subsection (5) of this section, school personnel may apply the relevant disciplinary procedures to students eligible for special education in the same manner and for the same duration as a district would apply discipline procedures to students without disabilities, except that services shall be provided in accordance with subsection (4) of this section.

(4) A student who is removed from the student's current placement pursuant to subsection (3) or (7) of this section must:

(a) Continue to receive educational services, that provide a FAPE, so as to enable the student to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting the goals set out in the student's IEP; and

(b) Receive, as appropriate when a student's removal is not a manifestation of the student's disability, a functional behavioral assessment, and behavioral intervention services and modifications, that are designed to address the behavior violation so that it does not recur.

(c) The services required by (a), (d), (e), and (f) of this subsection may be provided in an interim alternative educational setting.

(d) A school district is only required to provide services during periods of removal to a student eligible for special education who has been removed from his or her current placement for ten school days or less in that school year, if it provides services to a student without disabilities who is similarly removed.

(e) After a student eligible for special education has been removed from his or her current placement for ten school days in the same school year, if the current removal is for not more than ten consecutive school days and is not a change of placement under WAC 392-172A-05155, school personnel, in consultation with at least one of the student's teachers, determine the extent to which services are needed, to enable the student to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting the goals set out in the student's IEP.

(f) If the removal is a change of placement under WAC 392-172A-05155, the student's IEP team determines appropriate services under (a) of this subsection.

(5)(a) Within ten school days of any decision to change the placement of a student eligible for special education because of a violation of a code of student conduct, the school

district, the parent, and relevant members of the student's IEP team (as determined by the parent and the school district) must review all relevant information in the student's file, including the student's IEP, any teacher observations, and any relevant information provided by the parents to determine:

(i) If the conduct in question was caused by, or had a direct and substantial relationship to, the student's disability; or

(ii) If the conduct in question was the direct result of the school district's failure to implement the IEP.

(b) The conduct must be determined to be a manifestation of the student's disability if the school district, the parent, and relevant members of the student's IEP team determine that a condition in (a)(i) or (ii) of this subsection was met.

(c) If the school district, the parent, and relevant members of the student's IEP team determine the conduct was manifestation of the student's disability, the school district must take immediate steps to remedy those deficiencies.

(6) If the school district, the parent, and relevant members of the student's IEP team determine the conduct was manifestation of the student's disability, the IEP team must either:

(a) Conduct a functional behavioral assessment, unless the school district had conducted a functional behavioral assessment before the behavior that resulted in the change of placement occurred, and implement a behavioral intervention plan for the student; or

(b) If a behavioral intervention plan already has been developed, review the behavioral intervention plan, and modify it, as necessary, to address the behavior; and

(c) Except as provided in subsection (7) of this section, return the student to the placement from which the student was removed, unless the parent and the school district agree to a change of placement as part of the modification of the behavioral intervention plan.

(7) Special circumstances. School personnel may remove a student to an interim alternative educational setting for not more than forty-five school days without regard to whether the behavior is determined to be a manifestation of the student's disability, if the student:

(a) Carries a weapon to or possesses a weapon at school, on school premises, or to or at a school function under the jurisdiction of a school district;

(b) Knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance, while at school, on school premises, or at a school function under the jurisdiction of a school district; or

(c) Has inflicted serious bodily injury upon another person while at school, on school premises, or at a school function under the jurisdiction of a school district.

(8) Notification. On the date on which the decision is made to make a removal that constitutes a change of placement of a student eligible for special education because of a violation of a code of student conduct, the school district must notify the parents of that decision, and provide the parents the procedural safeguards notice.

(9) Definitions. For purposes of this section, the following definitions apply:

(a) Controlled substance means a drug or other substance identified under Schedules I, II, III, IV, or V in Section 202 (c) of the Controlled Substances Act (21 U.S.C. 812(c)).

(b) Illegal drug means a controlled substance; but does not include a controlled substance that is legally possessed or used under the supervision of a licensed health care professional or that is legally possessed or used under any other authority under that act or under any other provision of federal law.

(c) Serious bodily injury has the meaning given the term "serious bodily injury" under paragraph (3) of subsection (h) of Section 1365 of Title 18, United States Code.

(d) Weapon has the meaning given the term "dangerous weapon" under paragraph (2) of subsection (g) of Section 930 of Title 18, United States Code.

WAC 392-172A-05155 Change of placement because of disciplinary removals. (1) For purposes of removals of a student eligible for special education from the student's current educational placement, because of disciplinary removals, a change of placement occurs if:

(a) The removal is for more than ten consecutive school days; or

(b) The student has been subjected to a series of removals that constitute a pattern:

(i) Because the series of removals total more than ten school days in a school year;

(ii) Because the student's behavior is substantially similar to the student's behavior in previous incidents that resulted in the series of removals; and

(iii) Because of such additional factors as the length of each removal, the total amount of time the student has been removed, and the proximity of the removals to one another.

(2) The school district determines on a case-by-case basis whether a pattern of removals constitutes a change of placement.

(3) The determination regarding a disciplinary change of placement is subject to review through due process and judicial proceedings.

(1) The parent of a student eligible for special education who disagrees with any decision regarding placement under WAC 392-172A-05145 and 392-172A-05155, or the manifestation determination under WAC 392-172A-05145(5), or a school district that

(b) In making the determination under (a) of this subsection, the administrative law judge may:

(i) Return the student to the placement from which the student was removed if the administrative law judge determines that the removal was a violation of WAC 392-172A-05145 through 392-172A-05155 or that the student's behavior was a manifestation of the student's disability; or

(ii) Order a change of placement of the student to an appropriate interim alternative educational setting for not more than forty-five school days if the administrative law judge determines that maintaining the current placement of the student is substantially likely to result in injury to the student or to others.

(c) The procedures under subsection (1) of this section and (b) of this subsection may be repeated, if the school district believes that returning the student to the original placement is substantially likely to result in injury to the student or to others.

(3) Whenever a hearing is requested under subsection (1) of this section, the parents and the school district involved in the dispute must have an opportunity for an impartial due process hearing consistent with the requirements of WAC 392-172A-05080 through 392-172A-05090 and 392-172A-05100 through 392-172A-05110, except:

(b) Unless the parents and school district agree in writing to waive the resolution meeting described in (b)(i) of this subsection, or agree to use the mediation process:

(i) A resolution meeting must occur within seven days of receiving notice of the due process hearing request; and

(ii) The due process hearing may proceed unless the matter has been resolved to the satisfaction of both parties within fifteen days of the receipt of the due process hearing request.

(1) A student who has not been determined to be eligible for special education and related services under this chapter and who has engaged in behavior that violated a code of student conduct, may assert any of the protections provided for in this chapter if the school district had knowledge as determined in accordance with subsection (2) of this section that the student was a student eligible for special education before the behavior that precipitated the disciplinary action occurred.

(2) Basis of knowledge. A school district must be deemed to have knowledge that a student is eligible for special education if before the behavior that precipitated the disciplinary action occurred:

(a) The parent of the student expressed concern in writing to supervisory or administrative personnel of the appropriate educational agency, or a teacher of the student, that the student is in need of special education and related services;

(b)(i) If a request is made for an evaluation of a student during the time period in which the student is subjected to disciplinary measures under WAC 392-172A-05145, the evaluation must be conducted in an expedited manner.

(ii) Until the evaluation is completed, the student remains in the educational placement determined by school authorities, which can include suspension or expulsion without educational services.

(iii) If the student is determined to be eligible for special education services, taking into consideration information from the evaluation conducted by the school district and information provided by the parents, the agency must provide special education and related services in accordance with this chapter and follow the discipline requirements, including the provision of a free appropriate public education for students suspended or expelled from school.

WAC 392-172A-06015 Maintenance of effort. (1)

Except as provided under WAC 392-172A-06020 and 392-172A-06025, funds provided to school districts or other public agencies under Part B of the IDEA may not be used to reduce the level of expenditures for the education of students eligible for special education made by it from local funds below the level of those expenditures for the preceding fiscal year.

(2) Except as provided in subsection (3) of this section, the OSPI determines that a school district complies with this section for purposes of establishing the school district's eligibility for an award for a fiscal year if the district budgets, for the education of special education students, at least the same total or per capita amount from either of the following sources as the district spent for that purpose from the same source for the most recent prior year for which information is available:

(a) Local funds only.

(b) The combination of state and local funds.

(3) A district that relies on subsection (2)(a) of this section for any fiscal year must ensure that the amount of local funds it budgets for the education of students eligible for special education in that year is at least the same, either in total or per capita, as the amount it spent for that purpose in the most recent fiscal year for which information is available, if that year is, or is before, the first fiscal year beginning on or after July 1, 1997, or later, if the most recent fiscal year for which information is available and the standard in subsection (2)(a) of this section was used to establish its compliance with this section.

(4) The OSPI may not consider any expenditures made from funds provided by the federal government for which the OSPI is required to account to the federal government or for which the district is required to account to the federal government directly or through the OSPI in determining a district's compliance with the requirement in subsection (1) of this section.

WAC 392-172A-06020 Exception to maintenance of effort. A school district or other public agency may reduce the level of expenditures made by it under Part B of the IDEA below the level of those expenditures for the preceding fiscal year if the reduction is attributable to:

(1) The voluntary departure, by retirement or otherwise, or departure for just cause, of special education or related services personnel;

(2) A decrease in the enrollment of students eligible for special education;

(3) The termination of the obligation of the district or agency, consistent with this chapter, to provide a program of special education to a particular student that is an exception-

ally costly program as determined by the state, because the student:

- (a) Has left the jurisdiction of the district or agency;
 - (b) Has reached the age at which the obligation of the district or agency to provide a free appropriate public education to the student has terminated; or
 - (c) No longer needs the program of special education.

(2) If a school district exercises the authority under subsection (1) of this section, the school district must use an amount of local funds equal to the reduction in expenditures under subsection (1) of this section to carry out activities that could be supported with funds under the ESEA regardless of whether the school district is using funds under the ESEA for those activities.

(3) Notwithstanding subsection (1) of this section, if OSPI determines that a school district is unable to establish and maintain programs of FAPE that meet the requirements of this chapter and Part B of the act, the OSPI must prohibit the school district from reducing the level of expenditures under subsection (1) of this section for that fiscal year.

(4) The amount of funds expended by a school district for early intervening services under WAC 392-172A-06085 shall count toward the maximum amount of expenditures that the school district may reduce under subsection (1) of this section.

- (b) The number of students eligible for special education participating in the school wide program.

(2) The funds described in subsection (1) of this section may be used without regard to WAC 392-172A-06010 (1)(a).

(9/24/13)

(3) The funds described in subsection (1) of this section must be considered as federal Part B funds for purposes of calculating excess cost and supplanting WAC 392-172A-06010 (1)(b) and (c).

(3) The OSPI may require a school district to modify its policies and procedures, but only to the extent necessary to ensure the school district's compliance with Part B of the act or state law, if:

(1) If the OSPI, after reasonable notice and an opportunity for a hearing, finds that a school district determined to be eligible under this subpart is failing to comply with any requirement described in WAC 392-172A-06000 through 392-172A-06060, the OSPI must reduce or must not provide any further payments to the school district until the OSPI is satisfied that the school district is complying with that requirement.

WAC 392-172A-06075 Collaborative requests. (1)

The OSPI may require districts to submit a collaborative request for payments under Part B of the act if it is determined that a single district would be disapproved because the district is unable to establish and maintain programs of sufficient size and scope to effectively meet the educational needs

of students eligible for special education. Districts that apply for Part B funds in a collaborative request must meet the same minimum requirements as a single school district applicant. The request must be signed by the superintendent of each participating school district. The districts are jointly responsible for implementing programs receiving payments under Part B of the act. The total amount of funds made available to the affected school districts will be equal to the sum each would have received separately.

(2) The OSPI may not require a charter school to jointly establish its eligibility under subsection (1) of this section unless the charter school is explicitly permitted to do so under chapter 28A.710 RCW.

(a) Adopt policies and procedures that are consistent with the state's policies and procedures under WAC 392-172A-06005; and

(b) Be jointly responsible for implementing programs that receive assistance under Part B of the act.

(2) If an educational service agency has authority to carry out programs under part B of the act, the joint responsibilities given to school districts:

(a) Do not apply to the administration and disbursement of any payments received by the educational service agency; and

(b) Must be carried out only by that educational service agency.

(3) Regardless of any other provisions in WAC 392-172A-06075 and 392-172A-06080, an educational service agency must provide for the education of eligible students in the least restrictive environment.

any, in combination with other amounts (which may include amounts other than education funds), to develop and implement coordinated early intervening services, which may include interagency financing structures. Those services are for students in kindergarten through grade twelve, with a particular emphasis on students in kindergarten through grade three, who are not currently identified as needing special education or related services, but who need additional academic and behavioral support to succeed in a general education environment.

(2) In implementing coordinated early intervening services under this section, a school district may carry out activities that include:

WAC 392-172A-06090 Direct services by the OSPI.

(1) OSPI must use the payments that would otherwise have been available to a school district to provide special education and related services directly to students eligible for special education in the area served by that school district, if the OSPI determines that the school district:

(a) Has not provided the information needed to establish the eligibility of the school district, or elected not to apply for its Part B allotment, under Part B of the act;

(b) Is unable to establish and maintain programs of FAPE that meet the requirements of this part;

STATE PROCEDURES—MONITORING—ENFORCEMENT AND STATE PROGRAM INFORMATION

WAC 392-172A-07000 Methods of ensuring services.

(1) The OSPI must ensure that an interagency agreement or other mechanism for interagency coordination is in effect between each noneducational public agency described in this section and the OSPI, in order to ensure that all services that are needed to ensure FAPE are provided, including the provision of these services during the pendency of any dispute under (c) of this subsection. The agreement or mechanism shall contain:

(a) An identification of, or a method of defining, the financial responsibility of each agency for providing services to ensure FAPE to students eligible for special education. The financial responsibility of each noneducational public agency, including the state medicaid agency and other public insurers of students eligible for special education, must precede the financial responsibility of the school district.

(b) The conditions, terms, and procedures under which a school district must be reimbursed by other agencies.

(c) Procedures for resolving interagency disputes (including procedures under which school districts may initiate proceedings) under the agreement or other mechanism to secure reimbursement from other agencies or otherwise implement the provisions of the agreement or mechanism.

(d) Policies and procedures for agencies to determine and identify the interagency coordination responsibilities of each agency to promote the coordination and timely and appropriate delivery of services described in subsection (2)(a) of this section.

(2)(a) If any public agency other than an educational agency is otherwise obligated under federal or state law, or assigned responsibility under state policy or pursuant to subsection (1) of this section, to provide or pay for any services that are also considered special education or related services such as, but not limited to, assistive technology devices and

(9/24/13)

services, related services, whether provided as specially designed instruction or related services; supplementary aids and services, and transition services that are necessary for ensuring FAPE to students eligible for special education, the noneducational public agency must fulfill that obligation or responsibility, either directly or through contract or other arrangement pursuant to subsection (1) of this section.

(b) A noneducational public agency described in subsections (1)(a) and (2) of this section may not disqualify an eligible service for medicaid reimbursement because that service is provided in a school context.

(c) If a noneducational public agency other than a school district fails to provide or pay for the special education and related services described in (a) of this subsection, the school district developing the student's IEP must provide or pay for these services to the student in a timely manner. The school district is authorized to claim reimbursement for the services from the noneducational public agency that failed to provide or pay for these services and that agency must reimburse the school district or state agency in accordance with the terms of the interagency agreement or other mechanism described in subsection (1) of this section.

(3) The requirements of subsection (1) of this section may be met through:

- (a) State statute or regulation;
- (b) Signed agreements between respective agency officials that clearly identify the responsibilities of each agency relating to the provision of services; or
- (c) Other appropriate written methods determined by the superintendent of the office of public instruction.

WAC 392-172A-07005 Students eligible for special education who are covered by public benefits or insurance or private insurance. (1) A school district may use the medicaid or other public benefits or insurance programs in which a student participates to provide or pay for services required under Part B of the act, as permitted under the public benefits or insurance program, except as provided under subsection (2) of this section.

(2) With regard to services required to provide FAPE to an eligible student, the school district:

- (a) May not require parents to sign up for or enroll in public benefits or insurance programs in order for their student to receive FAPE under Part B of the act;
- (b) May not require parents to incur an out-of-pocket expense such as the payment of a deductible or co-pay amount incurred in filing a claim for services provided pursuant to this part, but may pay the cost that the parents otherwise would be required to pay;
- (c) May not use a student's benefits under a public benefits or insurance program if that use would:
 - (i) Decrease available lifetime coverage or any other insured benefit;
 - (ii) Result in the family paying for services that would otherwise be covered by the public benefits or insurance program and that are required for the student outside of the time the student is in school;

(iii) Increase premiums or lead to the discontinuation of benefits or insurance; or

(iv) Risk loss of eligibility for home and community-based waivers, based on aggregate health-related expenditures; and

(d) Prior to accessing a student's or parent's public benefits or insurance for the first time, and after providing notification to the student's parents consistent with subsection (3) of this section, the school district must obtain written, parental consent that:

(i) Meets the requirements of 34 C.F.R. Sec. 99.30 and WAC 392-172A-05225, which consent must specify:

(A) The personally identifiable information that may be disclosed, such as records or information about the services that may be provided to a particular student;

(B) The purpose of the disclosure, such as billing for services under the act; and

(C) The agency to which the disclosure may be made such as the health care authority; and

(ii) Specifies that the parent understands and agrees that the public agency may access the parent's or student's public benefits or insurance to pay for services under the act.

(3) Prior to accessing a student's or parent's public benefits or insurance for the first time, and annually thereafter, the school district must provide written notification, consistent with WAC 392-172A-05010(3) to the student's parents, that includes:

(a) A statement of the parental consent provisions in subsection (2)(d)(i) of this section;

(b) A statement of the "no cost" provisions in subsection (2)(b) and (c) of this section;

(c) A statement that the parents have the right under 34 C.F.R. Part 99 and WAC 392-172A-05225 to withdraw their consent to disclosure of their child's personally identifiable information to the agency responsible for the administration of the state's public benefits or insurance program at any time; and

(d) A statement that the withdrawal of consent or refusal to provide consent under 34 C.F.R. Part 99 and WAC 392-172A-05225 to disclose personally identifiable information to the agency responsible for the administration of the state's public benefits or insurance program does not relieve the school district of its responsibility to ensure that all required services are provided at no cost to the parents.

(4) With regard to services required to provide FAPE to an eligible student under this part, a school district may access the parents' private insurance proceeds only if the parents provide consent. Each time the public agency proposes to access the parents' private insurance proceeds, the school district must:

(a) Obtain parental consent; and

(b) Inform the parents that their refusal to permit the public agency to access their private insurance does not relieve the school district of its responsibility to ensure that all required services are provided at no cost to the parents.

(5)(a) If a school district is unable to obtain parental consent to use the parents' private insurance, or public benefits or insurance when the parents would incur a cost for a specified service required under this part, to ensure FAPE the public agency may use its Part B funds to pay for the service.

(b) To avoid financial cost to parents who otherwise would consent to use private insurance, or public benefits or insurance if the parents would incur a cost, the school district may use its Part B funds to pay the cost that the parents otherwise would have to pay to use the parents' benefits or insurance such as deductible or co-pay amounts.

(6) Proceeds from public benefits or insurance or private insurance will not be treated as program income for purposes of 34 C.F.R. 80.25.

(7) If a school district spends reimbursements from federal funds such as medicaid, for services under this part, those funds will not be considered state or local funds for purposes of the maintenance of effort provisions.

(8) Nothing in this part should be construed to alter the requirements imposed on a state medicaid agency, or any other agency administering a public benefits or insurance program by federal statute, regulations or policy under Title XIX, or Title XXI of the Social Security Act, 42 U.S.C. Secs. 1396 through 1396v and 42 U.S.C. Secs. 1397aa through 1397jj, or any other public benefits or insurance program.

(b) Ensure that school districts meet the program requirements under Part B of the act with a particular emphasis on those requirements that are most closely related to improving educational results for students eligible for special education;

(c) Determine the school district's compliance with this chapter, chapter 28A.155 RCW, and federal regulations implementing 20 U.S.C. Sec. 1400, et seq.;

(d) Validate information included in school district requests for federal funds; and

(e) Measure and report school district performance on relative targets and priorities from federally approved state performance plans.

(2) Procedures for monitoring school districts and other public agencies may include any or all of the following:

(a) Collection, review, and analysis of quantitative and qualitative data and other information;

(b) Conduct of on-site visits;

(c) Review and analysis of such quantifiable and qualitative data and indicators as are needed to measure performance in the following areas:

(i) Provision of a FAPE in the least restrictive environment;

(ii) State exercise of general supervision, including child find, effective monitoring, and the use of resolution meetings, mediation, and a system of transition services; and

(iii) Disproportionate representation of racial and ethnic groups in special education and related services to the extent the representation is the result of inappropriate identification.

(3) As part of the monitoring process, a notification of identified noncompliance shall be issued to the school dis-

trict. This notification will initiate a process of corrections, verification, and validation to ensure that the noncompliance is corrected as soon as possible, but no later than one year from the identification of noncompliance. If noncompliance is systemic in nature, a systemic corrective action plan is required.

(4) If the school district does not timely address compliance with corrective actions, the OSPI shall institute procedures to ensure compliance with applicable state and federal rules and priorities and targets from the state performance plan. Such procedures may include one or more of the following:

(a) Verification visits by the OSPI staff, or its designee, to:

(i) Determine whether the school district is taking the required corrective action(s); and/or

(ii) Provide any necessary technical assistance to the school district or other public agency in its efforts to comply.

WAC 392-172A-07012 Determinations. (1) The OSPI annually reviews the data it obtains from school districts through monitoring, submission of other data required by the district, and other public information provided by the district. Based on the data and information provided, OSPI determines if the school district:

(a) Meets the requirements and purposes of Part B of the act;

(b) Needs assistance in implementing the requirements of Part B of the act;

(c) Needs intervention in implementing the requirements of Part B of the act; or

(d) Needs substantial intervention in implementing the requirements of Part B of the act.

(2) If the OSPI determines, for two consecutive years, that a district needs assistance in implementing the OSPI's annual performance requirements, OSPI will advise the district of available sources of technical assistance that may help the district address the areas in which the district needs assistance, which may include assistance from the OSPI, office of special education programs, other offices of the department of education, other federal agencies, technical assistance providers approved by the department of education, and other federally or state funded nonprofit agencies, and require the district to work with appropriate entities. Such technical assistance may include:

(a) The provision of advice by experts to address the areas in which the district needs assistance, including explicit plans for addressing the areas of concern within a specified period of time;

(b) Assistance in identifying and implementing professional development, instructional strategies, and methods of instruction that are based on scientifically based research;

(c) Designating and using distinguished superintendents, principals, special education administrators, special education teachers, and other teachers to provide advice, technical assistance, and support; and

(d) Devising additional approaches to providing technical assistance, such as collaborating with institutions of higher education, educational service districts, national centers of technical assistance, and private providers of scientifically based technical assistance.

(3) If the OSPI determines, for three or more consecutive years, that a district needs intervention in implementing the OSPI's annual performance requirements, OSPI may take actions described under subsection (2) of this section and will take one or more of the following actions:

(a) Require the district to prepare a corrective action plan or improvement plan if the OSPI determines that the district should be able to correct the problem within one year;

(b) Withhold, in whole or in part, any further payments to the district under Part B of the act;

(4) Notwithstanding subsections (2) or (3) of this section, at any time that the OSPI determines that a district needs substantial intervention in implementing the requirements of Part B of the act or that there is a substantial failure to comply with any condition of a school district's eligibility under Part B of the act, OSPI will withhold, in whole or in part, any further payments to the district under Part B of the act, in addition to any other actions taken under subsections (2) or (3) of this section.
