WAC 232-28-291 Special hunting season permits.

The commission may establish special hunting seasons and may set the conditions for each category and hunt.

1. Deer, elk, cougar, or black bear special hunting season permit applications:

A. To apply for special hunting season permits for all categories of deer, elk, cougar, or black bear, applicants must have a valid Washington big game hunting license and a valid transport tag for the appropriate species. To apply for a particular hunt, each applicant for deer or elk must have the proper transport tag as identified in the special deer or elk permit regulations.

B. Multiple season deer and elk permit applications may be purchased without additional licenses or tags. Persons who are successfully drawn must purchase a multiple season permit for deer or elk and may also apply for archery, muzzle-loader, or modern firearm special hunting season permits for the species drawn.

2. Mountain goat, moose, and bighorn sheep special hunting season permit applications:

A. Persons who have previously harvested a mountain goat, bighorn sheep ram, or bull moose in Washington are ineligible for a special hunting season permit for that category. This lifetime harvest restriction does not apply to individuals who harvested a mountain goat before 1999, raffle or auction hunt authorizations, ewe-only bighorn sheep hunts, or antlerless-only moose hunts.

B. Successful applicants under this section must purchase the appropriate hunting license by the deadline established by the department (a minimum of 15 days). Failure to purchase forfeits the permit to an alternate applicant.

3. Wild turkey special hunting season permit applications

A. To apply for wild turkey special hunting season permits, each applicant must have a valid small game hunting license.

B. Fall wild turkey special hunting season permit holders must have a valid turkey transport tag in possession to hunt turkeys in fall special hunting seasons.

4. Special hunting season permit applications:

A. Maximum group sizes are determined for each category. If a group application is drawn, all hunters in the group will receive a special hunting season permit and each hunter in the group can take an animal. If the number of permits available in a hunt category is less than the maximum group size, then the maximum group size is equal to the number of permits.

- i. Maximum group size for deer categories is 8.
- ii. Maximum group size for elk categories is 8.
- iii. Maximum group size for bear categories is 2.
- iv. Maximum group size for cougar categories is 2.
- v. Maximum group size for mountain goat categories is 2.

2. vi. Maximum group size for bighorn sheep categories is 2.

- vii. Maximum group size for fall turkey categories is 4.
- viii. Maximum group size for moose categories is 2.
- ix. Maximum group size for multiple season deer is 2.
- x. Maximum group size for multiple season elk is 2.

B. An applicant may purchase only one application for a special hunting season permit for each category.

C. Permit applications will allow four choices for all categories except the quality category for deer and elk will allow two choices.

D. Permits will be drawn by computer selection using a weighted point selection system.

i. Applicants will receive one point for each application category purchased.

ii. Once drawn for a permit, the applicant's points will be reduced to zero in that category.

iii. An applicant's accumulated point totals, immediately prior to sales of the 2010 permit applications, will be replicated across all categories for that species. The point replication will only occur in 2010, during the transition from single species categories to multiple categories of the same species. Applicants for any new category added in the future will begin with the point awarded at the time of the initial application purchase.

E. Incomplete, ineligible, or inaccurate applications will not be accepted or entered into the drawing.

F. Permits will be voided if the applicant is found to be ineligible or to have provided an application based on inaccurate information.

G. The purchase of an application will result in one accrued point for the category purchased.

H. If an applicant makes a mistake, applies for the wrong hunt, and is successfully drawn, the special hunting season permit can be returned to the department of fish and wildlife Olympia headquarters before the opening day of the special hunting season. The applicant's points will be restored to the level prior to the permit drawing.

I. Anyone may apply for a special hunting season permit for deer, elk, bear, cougar, and wild turkey.

5. In addition to requirements for special hunting season permit applications, following are application requirements for:

A. Special hunting seasons for persons of disability: Only applicants with a Washington disabled hunter permit are eligible to apply for any special hunting season permits for persons of disability.

B. Special hunting seasons for youth: Only persons who are eligible to lawfully purchase a youth special hunt application are eligible to apply for special hunting season permits for youth.

C. Special hunting seasons for hunters age 65 and older: Only applicants sixty-five years of age or older on or before March 31 of the current license year will be eligible to apply for special hunting season permits for hunters age 65 and older.

D. Special hunting seasons for master hunter program graduates: Only persons who hold a valid certificate from the Washington department of fish and wildlife's master hunter program are eligible to apply for special hunting season permits for master hunters.

6. Citizen reward for reporting violations - bonus points: A person who provides information which contributes substantially to the arrest of another person for illegally hunting or killing big game or an endangered species as defined by Title 77 RCW is eligible to receive ten bonus points toward the special hunting permit drawing for one application category of deer or elk special hunting season permits.

A. Only ten bonus points can be awarded for providing information for each person charged regardless of the number of violations involved.

B. Selection of bonus points is in lieu of application for a cash award.

WAC 232-28-358 2012-2014 Elk general seasons and definitions. It is unlawful to fail to comply with bag, possession, and season limits described below. A violation of this section is punishable under RCW 77.15.410, Unlawful hunting of big game—Penalty.

Bag Limit: One (1) elk per hunter during the license year, except where otherwise permitted by department rule. Any combination of seasons, tags, and permits set by the depart-

ment will not exceed a maximum of two (2) elk per hunter during the license year.

Hunting Method: Elk hunters must select only one of the hunting methods: Modern firearm, archery, or muzzleloader.

Elk Tag Areas: Elk hunters must choose either Eastern or Western Washington to hunt in and buy the appropriate tag for that area.

Any Bull Elk Seasons: Open only to the taking of elk with visible antlers; bull calves are illegal.

Antler Point: To qualify as an antler point, the point must be at least one inch long, measured on the longest side.

Branch: A branch is defined as any projection off the main antler beam that is at least one inch long, measured on the longest side, and longer than it is wide.

Spike Bull Antler Restrictions: Bull elk taken in spike-only game management units (GMUs) must have at least one antler with no branches originating more than 4 inches above where the antler attaches to the skull.

Spike-only GMUs: 145-154, 162-186, 249, and 336-368.

True Spike - Bull Antler Restrictions: Neither antler of bull elk taken in GMUs 251, and 328-335 can have branching originating more than 4 inches above where the antlers attach to the skull. Under the true-spike restriction, taking an elk that has two points on one side or antler points within one inch of the definitions regarding length of point, or point of origination, is an infraction under RCW 77.15.160. All other types of violations of the true-spike restriction are subject to current penalties and assessments under RCW 77.15.410 and 77.15.420.

True-spike GMUs: 251, 328-335.

3-point Antler Restrictions: Legal bull elk must have at least 3 antler points on one side, with at least 2 antler points above the ear. Eye guards are antler points when they are at least one inch long. Antler restrictions apply to all hunters during any open season.
