Each handler must be able to make their canine perform to a level that is deemed acceptable by the commission in the category for the team's intended use as a condition of certification.

(6) Certification of canine teams:

(a) The handler and the canine will be considered as a team and it is the team who will be certified. If the canine or the handler changes, a new team exists and the team must be certified.

(b) A dog handler may not use a canine for police purposes unless the handler is certified to handle a specific canine for a specific purpose.

(c) In evaluating the proficiency of the canine team, the evaluators shall use the standards approved by the commission for that particular skill category. Performance will be rated on a pass/fail basis. The evaluator has the discretion to discontinue the testing if excessive time has been spent without results, or if there is a concern about safety issues involving the canine, handler, or equipment.

(d) The commission will certify a canine team who can successfully show proficiency, under scrutiny of a canine evaluator, in all of the areas in which the canine will be used:

A canine team's certification expires if the specific handler and canine, originally paired at the time of certification, cease to perform canine team functions together or if the function for which the team was certified changes. It is recommended that teams recertify on an annual basis.

(f) If the canine team fails any phase of an evaluation, the team must be reevaluated in that particular phase. Canine teams will be allowed three attempts to successfully pass the requirements of each phase during an evaluation. If the team does not pass by the third attempt, the team must be reevaluated in all phases at a different time to be scheduled by the evaluator and approved by the commission.

(7) Recordkeeping:

(a) Each agency is required to keep training, performance, and identification records on canines. The records must stay with the agency responsible for the canine team. The records will be made available for review in the event

that the canine is sold or transferred to another agency. The records will include, but not be limited to:

(c) It is the responsibility of the handler to advise their employing agency of the fact that they have met the standards for canine certification. The proof of certification with the evaluator's signature along with a request for canine certification must be submitted to the commission by the employing agency. This will be considered as a request for certification. Upon verification that the minimum requirements have been met, the commission will issue certification to the canine team.

(8) It is recommended that a canine intended for use by a law enforcement or corrections agency, be positively identified by having a microchip medically inserted in the canine. Any canine that is sold by a vendor to a Washington state governmental agency for use as a law enforcement or corrections canine should be able to be identified by microchip placed in the canine at the vendor's expense prior to the canine being sold to the law enforcement or corrections agency.

Once the microchip has been inserted, it is recommended that it not be removed except for medical necessity. If it becomes necessary to remove the microchip, the reason for the removal must be documented and entered into the canine's training records and a new microchip inserted, if medically appropriate.
