WAC 196-16-006 Declaration and purpose. This chapter contains rules and procedures for applications, eligibility and examinations to be licensed as professional land surveyors.

[Statutory Authority: Chapters 18.43 and 18.235 RCW. WSR 04-04-001, § 196-16-006, filed 1/21/04, effective 2/21/04.]

WAC 196-16-007 Eligibility and applications. The law requires eight years of experience in land surveying work of a character satisfactory to the board and passing the fundamentals-of-land surveying examination to be eligible for the professional land surveyor examination. The eight years of

(11/2/18)

experience must be completed sixty days prior to the date of the examination.

All applications must be completed on forms provided by the board and filed with the executive director at the board's address. The deadline for properly completed applications accompanied by the appropriate fee as listed in WAC 196-26A-025 is four months prior to the date of the examination. Late applications will be considered for a later examination. Supporting documents such as college transcripts and experience verification forms must be received by the board three months prior to the date of the examination in order for the board to determine eligibility prior to examination deadlines. Failure to have the supporting documents sent to the board by the defined deadline will result in the applicant being delayed until a later examination.

Once an application has been approved, no further application is required. An applicant who has taken an examination and failed or who qualified for an examination but did not take it shall request to take or retake the examination at least three months prior to the examination date. A written request accompanied by the applicable fee as listed in WAC 196-26A-025 is required to reschedule for an examination.

WAC 196-16-010 Experience records. The board shall evaluate all experience, which includes education, on a case-by-case basis and approve such experience as appropriate. The board will use the following criteria in evaluating an applicant's experience record.

(1) Education experience will be based on transcripts. Therefore, any transcripts not previously sent to the board's office should be submitted for maximum experience credit. Education may be approved as experience based on the following:

(a) Graduation with a baccalaureate degree in land surveying from an approved curriculum shall be equivalent to four years of required experience.

(b) Graduation with an associate degree in land surveying from an approved curriculum shall be equivalent to two years of required experience.

(c) Each year completed of an approved curriculum without graduation shall be granted up to a year of required experience.

(d) A maximum of one year may be granted for postgraduate college courses approved by the board. Postgradu-

ate education will count toward the eight years of required experience as described in subsection (2) of this section.

(e) Any other education will be taken into account and evaluated on its merits.

(f) Experience gained between semesters or quarters or during summers while enrolled in an approved curriculum will be considered as part of the educational process. The board grants one year of experience for a year of approved education including any associated work experience within that year.

(2) In evaluating work experience, the board will be looking for eight years of broad based, progressive field and office experience in surveying work under the direct supervision of a person authorized by chapter 18.43 RCW or other applicable statute to practice land surveying, a minimum of four years of which shall be in a position of making independent judgments and decisions under the general guidance and direct supervision of an authorized professional except as provided for in subsections (1)(d) and (3) of this section. This latter experience shall not be limited to, but must include the following:

- (a) Applying state, federal and case law;
- (b) Exercising sound judgment when making independent decisions regarding complex boundary, topographic, horizontal and vertical control, and mapping issues;
- (c) Field identification and evaluation of boundary evidence, including monumentation, and the ability to use that evidence for boundary determination;
- (d) Conducting research;
- (e) Preparing and analyzing complex property descriptions; and
- (f) Interacting with clients and the public in conformance with chapter 196-27A WAC.

The board may grant partial credit for experience that does not fully meet the requirements in (a) through (f) of this subsection.

(3) Teaching of a character satisfactory to the board may be recognized as surveying experience up to a maximum of two years.

(4) In evaluating combined education and experience the board will be looking at transcripts and work experience to determine knowledge in subsection (2)(a) through (f) of this section.

(5) Any work experience gained in a situation which violates the provisions of chapters 18.43 and 18.235 RCW or Title 196 WAC will not be credited towards the experience requirement.

(6) A registered professional engineer who applies to become registered as a professional land surveyor must meet the requirements stated within this section.

The fundamentals and principles and practice examinations are given at times and places designated by the board. See the respective internet web sites of the National Council of Examiners for Engineering and Surveying (NCEES), and the board for future examination schedules and syllabi. The law and ethics exam is a take-home examination covering chapters 18.43 and 18.235 RCW and Title 196 WAC. If one of these examinations is failed, only that examination must be retaken.

WAC 196-16-035 Retired status certificate of registration. In accordance with RCW 18.43.075, any individual who has been issued a certificate of registration, in accordance with chapter 18.43 RCW, as a professional land surveyor, having reached at least the age of sixty-five and hav-

ing discontinued active practice as a land surveyor, may be eligible to obtain a "retired certificate of registration." If granted, further certificate of registration renewal fees are waived. For the purpose of this provision, "active practice" is defined as exercising direct supervision and control over the development and production of a land surveying document as provided in RCW 18.43.070 and/or any related activities pertaining to the offer of and/or the providing of professional land surveying services as defined in RCW 18.43.020.

(1) Applications. Those persons wishing to obtain the status of a retired registration shall complete an application on a form as provided by the board. Applications shall be sent to the executive director at the address of the board. Upon receipt of said application and, if deemed eligible by the board, the retired status would become effective on the first scheduled renewal date of the certificate of registration that occurs on or after the applicant reaches the age of sixty-five. It shall not be necessary that an expired certificate of registration be renewed to be eligible for this status. The board will not provide refund of renewal fees if the application for "retired" status is made and granted before the date of expiration of the certificate of registration.

(2) Privileges. In addition to the waiver of the renewal fee, a retired registrant is permitted to:

(a) Retain the board issued wall certificate of registration;

(b) Use the title professional land surveyor (PLS), provided that it is supplemented by the term retired, or the abbreviation "ret";

(c) Work as a land surveyor in a volunteer capacity, provided that the retired registrant does not create a land surveying document, and does not use their seal, except as provided for in (d) of this subsection;

(d) Provide experience verifications and references for persons seeking registration under chapter 18.43 RCW. If using their professional seal the retired registrant may place the word "retired" in the space designated for the date of expiration;

(e) Serve in an instructional capacity on land surveying topics;

(f) Provide services as a technical expert before a court, or in preparation for pending litigation, on matters directly related to land surveying work performed by the registrant before they were granted a retired registration;

(g) Serve in a function that supports the principles of registration and/or promotes the profession of land surveying, such as members of commissions, boards or committees;

(h) Serve in a land surveying capacity as a "good samaritan," as set forth in RCW 38.52.195 and 38.52.1951, provided said work is otherwise performed in accordance with chapter 18.43 RCW.

(i) A professional land surveyor in retired status is not required to complete continuing professional development as provided in WAC 196-16-110. However, if a retired status land surveyor wishes to return to active status, the licensee will need to complete an additional fifteen PDH during their first year of reactivated practice.

(3) Restrictions. A retired registrant is not permitted to:

(a) Perform any land surveying activity, as provided for in RCW 18.43.020, unless said activity is under the direct

supervision of a Washington state professional land surveyor who has a valid/active registration in the records of the board;

(b) Act as the designated land surveyor or land surveyor in responsible charge for a Washington land surveying corporation or Washington land surveying limited liability company;

(c) Apply their professional land surveyors seal, as provided for in RCW 18.43.070, to any plan, specification, plat or report, except as provided for in subsection (2)(d) of this section.

(4) Certificate of registration reinstatement. A retired registrant, upon written request to the board and payment of the current renewal fee, may resume active land surveying practice. At that time the retired registrant shall be removed from retired status and placed on valid/active status in the records of the board. All rights and responsibilities of a valid/active registration will be in effect. At the date of expiration of the reinstated certificate of registration, the registrant may elect to either continue active registration or may again apply for retired registration in accordance with the provisions of this chapter.

(5) Exemptions. Under no circumstances shall a registrant be eligible for a retired registration if their certificate of registration has been revoked, surrendered or in any way permanently terminated by the board under RCW 18.43.110. Registrants who are suspended from practice and/or who are subject to terms of a board order at the time they reach age sixty-five shall not be eligible for a retired registration until such time that the board has removed the restricting conditions.

(6) Penalties for noncompliance. Any violations of this section shall be considered "misconduct and/or malpractice" as defined in RCW 18.43.105. Such violations are subject to penalties as provided for in RCW 18.235.110 and 18.43.120.
