WAC 250-18-025 Classification procedure. (1) After a student has registered at any institution, such student's residency classification shall remain unchanged in the absence of evidence of a sufficient quantity and quality to satisfy the institution to the contrary. The provision of such evidence to the contrary may be initiated by the student or the institution.

(2) Application for a change in classification shall be accepted up to the thirtieth calendar day following the first day of the instruction of the quarter or semester for which application is made. Applications made after that date in any quarter or semester shall be considered to have been filed as of the first day of the subsequent quarter or semester.

(3) Any change in classification, either nonresident to resident, or the reverse, shall be based upon written evidence maintained in the files of the institution.

(4) Approval of an application for resident status shall be made only after satisfaction that the requirements outlined in RCW 28B.15.012 and WAC 250-18-020, 250-18-030, and 250-18-035 have been met. Reclassification from nonresident to resident status preliminarily approved sixty days or more prior to the satisfaction of a one-year durational domicile shall be supplemented with additional documented proof of domicile if deemed necessary by the institution prior to final approval.

WAC 250-18-030 Establishment of a domicile. The domicile of any person shall be determined according to the individual's overall situation and circumstances and is not determined on the basis of a single factor; nor is a predetermined number of factors required. Institutions shall require evidence of a Washington domicile that is of sufficient quan-

tity and quality to negate the existence of a domicile in a state other than Washington.

A nonresident student who is enrolled for more than six hours per semester or quarter shall be presumed to be in the state of Washington for primarily educational purposes. Such period of enrollment shall not be counted toward the establishment of a bona fide domicile of one year in this state unless such student proves that the student has, in fact, established a bona fide domicile in this state primarily for purposes other than educational. The burden of proof that a person has established a domicile in the state of Washington primarily for purposes other than educational lies with the student.

To aid the institutions in determining whether a person has established a bona fide domicile in the state of Washington primarily for purposes other than educational, factors such as those listed in subsections (1) through (14) of this section are to be considered. The weight assigned to any given factor should depend on the ease with which it might be established and the degree to which it demonstrates commitment to domicile as a matter of common sense and as part of the individual's overall circumstances. Factors include, but are not limited to:

(1) Location and duration of registration or payment of taxes or fees on any motor vehicle, mobile home, travel trailer, boat, or any other item or personal property owned or used by the person;

(2) State and duration of any driver's license for the previous one year;

(3) Location and duration of any continuous full-time employment of the previous one year;

(4) Address and other pertinent facts listed on a true and correct copy of federal and state income tax returns for the calendar year prior to the year in which application is made;

(5) Location and duration of any voter registration for the previous one year;

(6) Location and duration of primary residence, evidenced by title, lease agreement, or monthly rental receipts for the previous one year;

(7) Residence status in all secondary and postsecondary schools attended outside the state of Washington;

(8) Location and duration of any checking accounts, savings accounts, and/or safety deposit boxes for the previous one year;

(9) Address listed on selective service registration;

(10) Location of membership in professional, business, civic or other organizations;

(11) Receipt of benefits under a public assistance program;

(12) State claimed as residence for obtaining eligibility to hold a public office or for judicial actions;

(13) State claimed as residence for obtaining state hunting or fishing licenses;

(14) State in which a custodial parent or legal guardian has a child attending public schools.

[Statutory Authority: RCW 28B.15.012, 28B.15.013, and 28B.15.015. WSR 17-05-060, § 250-18-030, filed 2/10/17, effective 3/13/17. Statutory Authority: RCW 28B.15.015. WSR 03-13-056, § 250-18-030, filed 6/13/03, effective 7/14/03. Statutory Authority: 1982 1st ex.s. c 37 § 4. WSR 83-13-092 (Order 2-83, Resolution No. 83-65), § 250-18-030, filed 6/17/83; WSR 82-19-015 (Order 10-82, Resolution No. 83-1), § 250-18-030, filed 9/8/82.]

WAC 250-18-035 Evidence of financial dependence or independence. (1) A student is financially independent if the student:

(a) Has not been claimed as a dependent exemption on an income tax return for the calendar year immediately prior to the year in which the student applies for resident status and will not be claimed as a dependent exemption on an income tax return for the calendar year in which the student applies for resident status; and

(b) Has not received and will not receive significant financial assistance in any form directly or indirectly from the student's parents, relatives, legal guardians, or others for the calendar year immediately prior to the year in which the student applies for resident status and for the calendar year in which the student applies for resident status.

(2) To consider a claim that a student is financially independent, the institution may require such documentation as deemed necessary including, but not limited to, the following:

(a) The student's sworn statement.

(b) A true and correct copy of the state and federal income tax returns of the student for the calendar year immediately prior to the year in which the student applies for resident status.

Should a student not have filed a state or federal income tax return because of minimal or no taxable income, documented information concerning the receipt of such nontaxable income may be submitted.

(c) A true and correct copy of the student's W-2 forms filed for the calendar year immediately prior to the year in which the student applies for resident status.

(d) Other documented financial resources, which may include but are not limited to the sale of personal or real property, inheritance, trust funds, state or financial assistance, gifts, loans, or statement of earnings of the student's spouse.

(e) A true and correct copy of the first and signature page of the state and federal tax returns of at least one of the student's parents or legal guardians for the calendar year immediately prior to the year in which the student applies for resident status.

The tax returns disclosure shall be limited to the listing of dependent exemptions and the signature of the taxpayer and shall not require disclosure of financial information contained in the returns.

(f) A student whose parents are deceased or who has been made an official ward of the court may be required to provide documentation attesting to the fact of such circumstances.

(g) Evidence of coverage for medical, life, automobile, and property insurance.

(3) To aid institutions in determining the financial independence of a student whose parents or legal guardians do not provide the documentation because of total separation or other reasons from the student, documentation clearly stating the student's status and relationship with the student's parents or legal guardians from a responsible third person, e.g., family physician, lawyer, or social worker may be submitted.

(4) To be considered financially independent, a student must demonstrate by evidence satisfactory to the institution that the student has met, through the student's personal income, living expenses for the calendar year immediately

prior to the year in which the student applies for resident status and for the calendar year in which the student applies for resident status. Living expenses include expenses associated with college tuition. Financial aid grants, scholarships and loans authorized by the financial aid office in the student's name may be considered as personal income. Personal loans, parent PLUS loans, gifts, and cash earnings shall not be counted as income in this calculation.

(5) A trust or other account available to the student shall be considered evidence of financial dependence. If the account was created before the student entered high school, there shall be a rebuttable presumption of dependence.

(6) Information submitted by the student to the institution on the financial aid form may be used to affirm the authenticity of information submitted on an application.

(7) In all cases, the burden of proof that a student is financially independent lies with the student.

WAC 250-18-045 Administration of residency status.

Administration of residency status shall be the responsibility of the institution's board of trustees or regents in compliance with RCW 28B.15.011 through 28B.15.014 and chapter 250-18 WAC.

Boards of trustees or regents shall designate an institutional official responsible for making decisions on resident and nonresident status of students, and for maintaining records and documentation in support of such decisions.

Institutions shall use a uniform statewide form consistent with the provisions of chapter 250-18 WAC for the determination of change in residence status.

WAC 250-18-055 Recovery of fees for improper classification of residency. To aid the institutions in the determination of accuracy of statements made by a student, institutions shall require that a student affirm the authenticity of all information and supporting documentation provided by the student's signature thereon.

If erroneous, untrue, or incorrect information submitted results in an improper classification of resident or nonresident status, or if a final determination is reversed through a subsequent appeal, institutions shall recover from the student or refund to the student, as the case may be, an amount equal to the total difference in tuition and fees had the proper classification been made.
