

WAC 172-100-230 Parking permits for loading zones and service drives.

(1) Department permits: These permits are issued to departments or units to facilitate the movement of equipment and materials by allowing for limited parking in parking lots, service drives, and loading/unloading zones. Department permits may not be used by persons for their own benefit or convenience. They may only be used for official university business. A regular permit is not required when a person uses a department permit.

(a) Issuance and control. Department permits are issued on an annual basis for temporary, short-term use, and must be returned to the department after use. Permit use must be monitored and controlled by a designated person.

(b) Restrictions. Department permits are not valid at meters, reserved spaces, disabled parking spaces, fire lanes, safety zones, yellow curbs or zones, "no parking" areas, or other areas not designated for parking. Departments are assigned a primary lot and are limited to thirty minutes parking in the primary lot.

(c) Loss. If a department permit is lost, the department it is issued to must file a report with parking services. Parking services will determine if a fee is assessed for the lost permit.

(2) Service permits: Service permits are issued to service providers, contractors, repairmen, and vendors to support their access requirements. Parking services shall specify terms of use when a service permit is issued.
