

WAC 296-52-70015 Igloos, army-type structures, tunnels, and dug-outs. These storage facilities must:

(1) Be constructed of reinforced concrete, masonry, metal, or a combination of these materials.

(2) Have an earth mound covering of at least twenty-four inches on the top, sides, and rear unless the magazine meets the requirements of WAC 296-52-70010 (4)(b), Building construction for roofs.

(3) Have interior walls and floors covered with a nonsparking material.

(4) Be constructed according to the requirements of WAC 296-52-70005, Type 1 magazines: Permanent storage facilities, through WAC 296-52-70060 construction.
