

WAC 296-96-24203 Definition. "Inclined private residence conveyances for transporting property" means a device constructed and operated for transporting property from one elevation to another at an angle of inclination of 70 degrees or less from the horizontal. Essentially, it is a car or platform traveling on guides or guiding members in an inclined plane.

[Statutory Authority: Chapter 70.87 RCW. WSR 18-18-070, § 296-96-24203, filed 8/31/18, effective 10/1/18.]
