

WAC 296-125-0222 Can I renew my minor work permit endorsements?

You may renew your minor work permit endorsements. However, filing an application for renewal does not automatically result in an extension of your endorsement. The department may refuse to renew your endorsement if you have:

(1) Failed to satisfy a condition related to the initial issuance of the endorsement; or

(2) Violated the requirements of this chapter; or

(3) Any other condition that the department finds is or could be detrimental to the health, safety, or welfare of minors.
