

WAC 308-47-060 Packaging and storage of cremated human remains.

(1) The cremated human remains must be placed in a sealable container, or in such container as may have been ordered or supplied by the authorizing agent.

(2) The packaged cremated human remains will be identified. The metal identification disc or metal tag must stay with the cremated human remains.

(3) If the cremated human remains do not completely fill the container, the remaining space may be filled with suitable packing material. The container must then be securely closed.

(4) If the entire cremated human remains will not fit within the designated container, the remainder of the cremated human remains must be returned to the authorizing agent in a second container, clearly identified as being part of, and together with, the designated container. Upon written consent of the authorizing agent, excess cremated human remains may be disposed of in any legal manner.
