

WAC 468-95-365 Light rail transit signals. Amend the MUTCD Figure 8C-3 notes to read:

Notes:

All aspects (or signal indications) are either white or amber.

(1) Could be in single housing.

(2) "Go" lens may be used in flashing mode to indicate "prepare to stop."

[Statutory Authority: RCW 47.36.030. WSR 11-23-101, § 468-95-365, filed 11/18/11, effective 12/19/11.]
