

WAC 516-21-055 Amnesty. (1) In situations involving intoxication, alcohol poisoning, or drug-related medical issues, students are encouraged to seek swift medical assistance for themselves and others without fear of penalty. Students requesting and receiving medical assistance in these situations will not typically be subject to the student conduct process. This policy refers to isolated incidents and does not excuse students who repeatedly or flagrantly violate the alcohol or drug policy, nor does it preclude action arising from other violations of the code. Western will consider the positive impact of reporting a situation when determining any course of action.

(2) Complainants and witnesses who in good faith report sexual violence will not be subject to alcohol or drug violations of the code occurring at or near the time of the sexual violence unless their own conduct placed another person's health or safety at risk. Without imposing sanctions, Western may initiate educational remedies regarding alcohol or drug use.
