

WAC 246-922-780 Coprescribing of opioids for patients receiving medication assisted treatment. (1) Where practicable, the podiatric physician providing acute nonoperative pain or acute perioperative pain treatment to a patient known to be receiving MAT shall prescribe opioids for pain relief either in consultation with the MAT prescribing practitioner or a pain specialist.

(2) The podiatric physician shall not discontinue MAT medications when treating acute nonoperative pain or acute perioperative pain without documentation of the reason for doing so, nor shall these medications be used to deny necessary operative intervention.
