

WAC 296-806-42558 Follow these requirements for chocolate melting, refining, and mixing kettles. (1) You must provide a cover to enclose the top of the kettle.

(2) You must make sure the bottom outlet of each kettle is designed so the operator cannot:

(a) Reach in to touch the revolving paddle.

(b) Come in contact with the shear point between the paddle and the side of the kettle.
