

**WAC 308-91-060 Reporting actual mileage and prorate percentage.**

(1) **How does the preceding year mileage relate to the application Schedule B?** The Schedule B application is used to list all actual miles traveled by all apportioned vehicles licensed with the fleet during the reporting period.

(2) **How are the miles listed on the Schedule B used?** The miles are used to determine a jurisdiction's prorate percentage. This percentage determines how much of the jurisdiction's fees will be charged. This mileage is divided by the total mileage figure to determine percentage.

(3) **How do I report my mileage if I incorporate?** You must use mileage used from your reporting period under your previous business account.

(4) **What type of reporting errors would cause my application Schedule B to be rejected?** See the following examples:

(a) Mileage data expressed in rounded off numbers on renewal applications; or

(b) Identical mileage data reported for consecutive registration years for the same fleet.

(c) And any other inconsistencies in mileage data reported.

(5) **How do I determine my apportionable miles?** Apportionable miles are accumulated by registered vehicles that:

(a) Include only miles for vehicles that traveled in the reporting period; and

(b) Mileage reported must be the actual miles accumulated by those vehicles that were part of the proportionally registered fleet during the preceding year.

(c) If a vehicle was part of the proportionally registered fleet for only a part of the preceding year, report the miles accumulated by this vehicle during this time.
