

**WAC 495D-140-010 Use of college facilities.** Lake Washington Institute of Technology serves King and Snohomish counties by providing continued educational opportunity for its citizens. In keeping with this general purpose, and consistent with RCW 28B.50.140(7) and 28B.50.140(9), the board of trustees believes that facilities should be available for a variety of uses which are of benefit to the general public if such general uses substantially relate to and do not interfere with the educational mission of the college. However, a state agency is under no obligation to make its public facilities available to the community for private purposes.
