(1) Strike defined. For the purpose of this section the term "strike" shall mean: A concerted work stoppage by employees of a school district of which there has been a formal declaration by their recognized representative and notice of the declaration has been provided to the district by the recognized representative at least two calendar school days in advance of the actual stoppage.

(2) Presumption of approved program. It shall be presumed that all school days conducted during a school year for which the state board of education has granted annual program approval are conducted in an approved manner, except for school days conducted during the period of a strike. The following shall govern the approval or disapproval of a program conducted during the period of a strike:

(a) Upon the submission of a written complaint of substandard program operation by a credible observer, the state superintendent of public instruction may investigate the complaint and program being operated during the strike.

(c) Program disapproval shall be effective as of the day following transmittal of a notice of disapproval by the state superintendent and shall apply to those particular school days encompassed in whole or in part by the remainder of the strike period.

(d) The decision of the state superintendent shall be final except as it may be reviewed by and at the option of the state board of education.

(e) The program shall be deemed approved during those days of operation for which a trial court order ordering striking employees to work is in effect.

(3) Work stoppages. Nothing in this section or WAC 180-16-191 through 180-16-225 shall be construed as condoning or authorizing any form of work stoppage which disrupts any portion of the planned educational program of a district or the maintenance of an approved program for less than the minimum number of school days required by law, except as excused for apportionment purposes by the superintendent of public instruction pursuant to RCW 28A.150.290.

WAC 180-16-195 Annual reporting and review process. (1) **Annual school district reports.** A review of each school district's kindergarten through twelfth grade program shall be conducted annually for the purpose of determining compliance or noncompliance with basic education program approval requirements. On or before September 15th of each school year, each school district superintendent shall complete and return the program assurance form distributed by the state board of education. The form shall be designed to elicit data necessary to make a determination of a school district's compliance or noncompliance with basic education program approval requirements. The form shall be submitted electronically and signed by:

- (a) The school board president or chairperson, and
- (b) The superintendent of the school district.

(2) **State board staff review.**

(a) State board of education staff shall review each school district's program assurance form, may conduct on-site visits of selected school districts, as needed and subject to funding support, and shall prepare recommendations and reports for presentation to the state board of education: Provided, that, if a school district's initial program assurance form does not establish compliance with the basic education program approval requirements, the district shall be provided the opportunity to explain the deficiency or deficiencies.

(b) School districts may use the personnel and services of the educational service district to assist the school district and schools in the district that are out of compliance with basic education program approval requirements.

(3) **Annual certification of compliance or noncompliance—Withholding of funds for noncompliance.**

(a) At the November meeting of the state board of education, or at such other meeting as the board shall designate, the board shall certify by motion each school district as being in compliance or non-compliance with the basic education program approval requirements.

(b) A certification of compliance shall be effective for the then current school year subject to any subsequent ad hoc review and determination of noncompliance as may be deemed necessary by the state board of education or advisable by the superintendent of public instruction. In addition, a certification of compliance shall be effective tentatively for the succeeding school year until such time as the state board takes its annual action certifying compliance or noncompliance with the program approval requirements.

(c) A certification of noncompliance shall be effective until program compliance is assured by the school district to the satisfaction of state board of education staff, subject to review by the state board.

(d) Upon the certification of noncompliance of a school district, state board of education staff shall notify the superintendent of public instruction and the school district of a certification of noncompliance immediately after the board meeting at which certification occurred.

(e) A withholding of basic education allocation funding from a school district shall not occur for noncompliance if the school district has remediated the noncompliance situation within sixty school business days from the time the district receives notice of the non-compliance from the state board of education. The state board of education may extend the sixty days timeline only if the district demonstrates by clear and convincing evidence to the satisfaction of the state board of education that sixty days is not reasonable to make the necessary corrections. For the purposes of this section, a school business day shall mean any calendar day, exclusive of Saturdays, Sundays, and any federal and school holidays upon which the office of the superintendent of the school district is open to the public for the conduct of business. A school business day shall be concluded or terminated upon the closure of said office for the calendar day.

(f) At the discretion of the state board of education, after notification by the state board of education to a school district regarding an existing noncompliance, the state board of education may recommend the superintendent of public instruction withhold funds or may enter into a compliance agreement with the school district that shall include, but not be limited to, the following criteria:

(i) A deadline for school district remediation of the noncompliance(s).

(ii) A listing of all the noncompliance areas and the necessary terms that must be satisfied in each area in order for the school district to gain compliance status. This listing also shall specify additional deadlines for the accomplishment of the stated terms if different from the final deadline as specified in subsection (1) of this section.

(iii) A closing statement specifying that a school district's failure to remediate a noncompliance by the determined deadline may result, at the state board of education's or its designee's discretion, in the recommendation to the superintendent of public instruction of withholding of the school district's basic education allocation funding by the superintendent of public instruction.

(iv) The date and the signatures of the superintendent of the school district, the chair of the school district's board of direc-

tors, and the chair of the state board of education, or his/her designee, to the agreement. A copy of the completed compliance agreement shall be sent to the chairperson of the school district's board of directors and the school district superintendent.

(g) In the event a school district fails to sign a compliance agreement within five school business days from the date of issuance or does not satisfy all of the terms of the signed compliance agreement within the designated amount of time, the state board of education may recommend to the superintendent of public instruction withholding state funds for the basic education allocation until program compliance is assured.

(h) Any school district may appeal to the state board of education the decision of noncompliance by the state board of education. Such appeal shall be limited to the interpretation and application of these rules by the state board of education. Such appeal shall not stay the withholding of any state funds pursuant to this section or completion of the compliance agreement.

(4) The provisions of subsection (3)(g) of this section shall not apply if the noncompliance is related to the school district's fiscal condition and results in the implementation of a financial plan under RCW 28A.505.140(3).

(5) Each school district shall develop, maintain and, if necessary, implement a continuity of operations plan under WAC 180-16-200 and 180-16-212 for delivering the program of basic education during disruptions to basic education delivery resulting from an "emergency or disaster" as defined in RCW 38.52.010. "Emergency" may also include a national declaration of emergency by an authorized federal official.

WAC 180-16-212 Continuity of operations plan. By the beginning of the 2021-22 school year, each school district shall develop, maintain and, if necessary, implement a continuity of operations plan that ensures delivery of basic education services during disruptions to basic education delivery resulting from an "emergency or disaster" as

defined in RCW 38.52.010. "Emergency" may also include a national declaration of emergency by an authorized federal official.

(1) The continuity of operations plan shall describe the following:

(a) The process for the school district to decide how to transition to modalities other than in-person instruction if needed in the event of an emergency or disaster in order to ensure equitable delivery of the program of basic education to all students;

(b) The roles of school district staff responsible for executing the continuity of operations plan during an emergency;

(c) The process for the school district to decide how to transition to offering each student in-person instruction when the disruptions to basic education delivery due to the emergency have ended; and

(d) The schedule for routine review of the continuity of operations plan by the district.

(2) The following apply during implementation of the continuity of operations plan:

(a) Days in which instructional hours are offered shall count as school days for the purpose of meeting the requirements of RCW 28A.150.220; and

(b) Nothing in this section supersedes other applicable law.

(3) Each school district that implements its continuity of operations plan shall notify the state board of education and the office of superintendent of public instruction within five days of the decision to implement the continuity of operations plan by email and postal mail of the following:

(a) Date that the disruptions to basic education delivery began or will begin if there is an impending emergency situation and the estimated duration of the emergency or disaster;

(b) Documentation of the emergency or disaster, such as a declaration of emergency, and information that describes the disruption to basic education delivery due to the emergency;

(c) Contact information for school district staff who are responsible for executing the continuity of operations plan; and

(d) Further information or assurances upon request, at the discretion of the state board of education or the office of superintendent of public instruction staff.

(4) At the discretion of state board of education staff, each school district's compliance with the requirements of the program of basic education is subject to review under WAC 180-16-195.

(5) This continuity of operations plan may be used as a component of the comprehensive emergency management plan under RCW 38.52.030.

WAC 180-16-220 Supplemental basic education program approval requirements. The following requirements are hereby established by the state board of education as related supplemental condition to a school district's entitlement to state basic education allocation funds, as authorized by RCW 28A.150.220(4).

(1) **Current and valid certificates.** Every school district employee required by WAC 181-79A-140 to possess an education permit, certificate, or credential issued by the superintendent of public instruction for his/her position of employment, shall have a current and valid permit, certificate or credential. In addition, classroom teachers,

principals, vice principals, and educational staff associates shall be required to possess endorsements as required by WAC 181-82-105, 181-82-120, and 181-82-125, respectively.

(2) **Annual school building approval.**

(a) Each school in the district shall be approved annually by the school district board of directors under an approval process determined by the district board of directors.

(b) At a minimum the annual approval shall require each school to have a school improvement plan that is data driven, promotes a positive impact on student learning, and includes a continuous improvement process that shall mean the ongoing process used by a school to monitor, adjust, and update its school improvement plan. For the purpose of this section "positive impact on student learning" shall mean:

(i) Supporting the goal of basic education under RCW 28A.150.210, "...to provide students with the opportunity to become responsible citizens, to contribute to their own economic well-being and to that of their families and communities, and to enjoy productive and satisfying lives...";

(ii) Promoting continuous improvement of student achievement of the state learning goals and essential academic learning requirements; and

(iii) Recognizing nonacademic student learning and growth related, but not limited to: Public speaking, leadership, interpersonal relationship skills, teamwork, self-confidence, and resiliency.

(c) The school improvement plan shall be based on a self-review of the school's program for the purpose of annual building approval by the district. The self-review shall include active participation and input by building staff, students, families, parents, and community members.

(d) The school improvement plan shall address, but is not limited to:

(i) The characteristics of successful schools as identified by the superintendent of public instruction and the educational service districts, including safe and supportive learning environments;

(ii) Educational equity factors such as, but not limited to: Gender, race, ethnicity, culture, language, and physical/mental ability, as these factors relate to having a positive impact on student learning. The state board of education strongly encourages that equity be viewed as giving each student what she or he needs and when and how she or he needs it to reach their achievement potential;

(iii) The use of technology to facilitate instruction and a positive impact on student learning; and

(iv) Parent, family, and community involvement, as these factors relate to having a positive impact on student learning.

(3) Nothing in this section shall prohibit a school improvement plan from focusing on one or more characteristics of effective schools during the ensuing three school years.

(4) School involvement with school improvement assistance under the state accountability system or involvement with school improvement assistance through the federal Elementary and Secondary Education Act shall constitute a sufficient school improvement plan for the purposes of this section.

(5) Nonwaiverable requirements. Certification requirements, including endorsements, and the school improvement plan requirements set forth in subsection (2) of this section may not be waived.

WAC 180-16-225 Waiver—Substantial lack of classroom space—Grounds and procedure. (1) **Grounds.** The superintendent of public instruction may waive one or more of the basic education allocation entitlement requirements set forth in WAC 180-16-200 through 180-16-220(1) only if a school district's failure to comply with such requirement(s) is found by the superintendent of public instruction to be caused by substantial lack of classroom space.

As a condition to a waiver based on substantial lack of classroom space the state board will consider and a school district must demonstrate, at least, that the facilities of the school district do not contain enough classroom space or other space that can reasonably be converted into classroom space, and that necessary classroom space may not reasonably be acquired by lease or rental to enable the district to comply with the referenced entitlement requirements.

(2) **Waiver procedure.** In order to secure a waiver pursuant to subsection (1) of this section a school district must submit a petition together with a detailed explanation and documentation in support of its request not later than the deadline in a schedule issued by the superintendent of public instruction and the commencement of the school year.
