

WAC 230-10-155 Verifying bingo winners. When a player declares a winning bingo, the operator must:

(1) Have a bingo worker and at least one neutral player inspect the card or electronic dauber; or

(2) Have a bingo worker verify the card or electronic dauber by entering the bingo card number into an electronic verifier which will broadcast the winning card onto video screens for all players to view. Any player may request to see the actual winning card and the operator must allow the player to do so; or

(3) If the game is an "instant winner" and pays a prize of no more than fifty dollars, no neutral player needs to verify the card if the operator keeps an audit trail which identifies the winning combination called.
