

**WAC 246-853-740 Consultation—Exemptions for exigent and special circumstances.** An osteopathic physician is not required to consult with a pain management specialist as defined in WAC 246-853-750 when the osteopathic physician has documented adherence to all standards of practice as defined in WAC 246-853-715 through 246-853-760, and when one or more of the following conditions are met:

- (1) The patient is following a tapering schedule;
- (2) The patient requires treatment for acute pain, which may or may not include hospitalization, requiring a temporary escalation in opioid dosage with expected return to their baseline dosage level or below;
- (3) The osteopathic physician documents reasonable attempts to obtain a consultation with a pain management specialist and the circumstances justifying prescribing above one hundred twenty milligrams MED per day without first obtaining a consultation; or
- (4) The osteopathic physician documents the patient's pain and function is stable and the patient is on a nonescalating dosage of opioids.
