

WAC 246-945-245 Health care entity license. (1) The commission shall issue a health care entity license to an applicant that:

- (a) Is in compliance with WAC 246-945-230; and
- (b) Has designated a responsible pharmacy manager.

(2) An organization (e.g., a clinic) must obtain a separate license for each of its locations. One organization occupying multiple suites in one facility is deemed to be occupying one location requiring one license. Separate organizations occupying the same location must obtain separate licenses.
