

WAC 260-48-810 Win pools. (1) The amount wagered on the betting interest which finishes first is deducted from the net pool, the balance remaining being the profit; the profit is divided by the amount wagered on the betting interest finishing first, such quotient being the profit per dollar wagered to win on that betting interest.

(2) The net win pool will be distributed as a single price pool to winning wagers in the following precedence, based upon the official order of finish:

(a) To those whose selection finished first; but if there are no such wagers, then

(b) To those whose selection finished second; but if there are no such wagers, then

(c) To those whose selection finished third; but if there are no such wagers, then

(d) The entire pool will be refunded on win wagers for that race.

(3) If there is a dead heat for first involving:

(a) Horses representing the same betting interest, the win pool will be distributed as if no dead heat occurred.

(b) Horses representing two or more betting interests, the win pool will be distributed as a profit split.
