

WAC 365-210-040 Training program. The training program shall include, but not be limited to, the following topics: Relevant federal, state and local laws and standards; supports; footings; anchors; site preparation; placement; closing in; plumbing; electrical; combustion appliances; skirting; interior and exterior finishing; operational checks and adjustments; auxiliary structures; and alterations. The department shall provide a training manual to each applicant as part of the training program, the contents of which shall include, but not be limited to, the above topics. The department shall be responsible for updating the training program to reflect changes in relevant federal, state and local codes and standards. The department shall, at a minimum, conduct the training program quarterly.

[Statutory Authority: Chapter 43.63B RCW. WSR 95-14-121, § 365-210-040, filed 6/30/95, effective 7/1/95.]
