

WAC 434-335-520 Logic and accuracy testing of accessible voting units. (1) The logic and accuracy test of accessible voting units must be completed before they may be used for marking or casting ballots. Counties must complete the testing to have in-person accessible voting available starting eighteen days before the day of a primary or election.

(2) This test serves as the official logic and accuracy test. A log must be created during the test, recording the time of each test, the precinct numbers, the seal number, the machine number, and the initials of each person testing the system. The log must be included in the official logic and accuracy test materials. This process is open to observation and subject to all notices and observers pursuant to WAC 434-335-290 and 434-335-320.
