

WAC 468-200-160 Establishment of state standards. Additional state standards may be established for classes of individual emergency workers involved in air search and rescue and air responses to disaster situations. Upon establishment of any such state standards, training programs within the state shall, at a minimum, comply with these standards.

[Statutory Authority: Chapter 47.68 RCW. WSR 97-03-064 (Order 167), § 468-200-160, filed 1/13/97, effective 2/13/97; WSR 96-02-067 (Order 160), § 468-200-160, filed 1/3/96, effective 2/3/96.]
