

WAC 110-50-0520 Can the assessment change if the child's needs change? The child will always receive at least the basic rate (level 1) for the child's age category. However, the child may be assessed at level 2, 3, or 4, as the child's needs change or the circumstances of the foster parents change.

For example: In cases where the child's needs decrease or the time required of the foster parent to meet the child's needs decreases, the standardized assessment may assess the child at a lower rate. For example, on a reassessment a child might be assessed at level 2, when the child's previous rate had been at level 3. In cases where the child's needs or the demands on the foster parent increase, the standardized assessment may assess the child at a higher level.
