- WAC 173-518-060 Metering and reporting water use. All future new surface and groundwater appropriations, other than rainwater collection, shall measure withdrawals.
- (1) Water meters must meet specifications available through ecology.
- (2) Water meters must be read and reported in accordance with chapter 173-173 WAC or as directed by ecology.

[Statutory Authority: Chapters 90.54, 90.22, 90.82, 90.03, 90.42, and 90.44 RCW. WSR 12-23-054 (Order 07-17), § 173-518-060, filed 11/16/12, effective 1/2/13.]
