

WAC 246-314-015 Application requirements. The project sponsor shall submit to the program:

(1) An estimated permit value at the time of application. Permit valuations include the total value of work, including materials and labor, such as electrical, gas, mechanical, plumbing equipment and permanent systems. If the program determines the valuation is underestimated, the program shall deny the application unless the applicant can show detailed estimates to meet the program's approval. Final building permit valuation is set by program;

(2) A completed project review application form with project documents for review;

(3) Documentation as required by the applicable licensing or certification rules; and

(4) The appropriate fee based upon the initial project construction cost as determined from the construction fee table in WAC 246-314-990.

[Statutory Authority: RCW 43.70.110. WSR 06-16-118, § 246-314-015, filed 8/1/06, effective 9/1/06.]
