

WAC 296-52-64030 List A qualifications. To be considered for a blaster's license, limited to one or more List A classifications, an applicant must have a minimum of forty hours documented training accrued during the previous six years.

(1) The training must include a minimum of one of these three requirements:

(a) Eight hours basic blaster safety classroom training and thirty-two hours classification specific field training experience under a qualified blaster;

(b) Sixteen hours basic blaster safety classroom training and twenty-four hours classification specific field training experience under a qualified blaster;

(c) Twelve months classification specific field training experience.

(2) Aerial blasting classification will require:

(a) Standard avalanche control blaster's license;

(b) Experience requirement of five missions under the supervision of a licensed aerial blaster;

(c) Successful completion of a written exam.

Note: Additional personnel on board with a standard avalanche control blaster's license may log each mission toward the aerial blasting endorsement experience requirement.
