

**WAC 296-128-99270 Enforcement—Retaliation investigations. (1)**

The department will investigate any allegations that a transportation network company violated any of the protections of RCW 49.46.340, or any associated rules, pursuant to the enforcement procedures outlined in RCW 49.46.340.

(2) During an investigation, if the department discovers information suggesting additional violations of any of the protections of RCW 49.46.340 or any associated rules, the department may investigate and take appropriate enforcement action without any additional complaint. The department may also initiate an investigation on behalf of one or more drivers for a violation of RCW 49.46.340, or associated rules, when the director otherwise has reason to believe that a violation has occurred or will occur.

(3) The department may conduct a consolidated investigation for any alleged violations identified under RCW 49.46.210, 49.46.300, and 49.46.340, or associated rules, when there are common questions of law or fact involving drivers who provide passenger platform services for the same transportation network company. If the department consolidates such matters into a single investigation, it will provide notice to the transportation network company.

(4) The department may, for the purposes of enforcing RCW 49.46.340 or any associated rules, issue subpoenas to compel the attendance of witnesses or parties and the production of documents, administer oaths and examine witnesses under oath, take depositions, and seek affidavits or other verifications.

(5) Upon the department's request, a transportation network company must notify drivers via an accessible system that the department is conducting an investigation. The department may require the transportation network company to include a general description of each investigation as part of the notification, including the allegations and whether the notified driver may be affected. The department may consult with the transportation network company to provide the information for the description.
