

WAC 296-806-48036 Guard revolving double arbor saws. You must guard each revolving double arbor saw with a hood that completely encloses the portion of the saw that is above both:

- (1) The table; and
- (2) The material being cut.

Note: Hoods should be made of material that:

1. Does not shatter when broken.
2. Is not explosive.
3. Is less combustible than wood.
