

WAC 388-106-0650 What is the volunteer services program? The volunteer services program is a state-funded program that provides volunteer assistance to eligible persons who need help to live safely in the community. The availability of services under this program is subject to available funding and volunteer resources. Further, when allocating volunteer services, the needs of persons who have traditionally been served through long-term care services and supports, including older adults, individuals with disabilities or their unpaid caregivers, will be given priority.
