

WAC 173-334-100 When must manufacturers report and for what time period? (1) On January 31, 2019, and annually thereafter, a manufacturer of a children's product sold or offered for sale in Washington that contains a CHCC listed in WAC 173-334-130 in an amount above a de minimis level must submit the information detailed in WAC 173-334-080 to the department.

(a) The report submitted on January 31, 2019, applies to children's products sold or offered for sale in Washington between September 1, 2017, and December 31, 2018.

(b) A manufacturer of a children's product containing a CHCC above the de minimis level may request an extension for submission of the report required on January 31, 2019, if this would be the first report required by the manufacturer and the manufacturer will be reporting more than one product or chemical.

(c) Reports submitted on January 31, 2020, and annually thereafter, apply to children's products sold or offered for sale during the prior calendar year.

(2) If the reporting party determines that there has been no change in the information required to be reported since the prior annual report, the party must copy the prior year's report and resubmit the same data into the online reporting database.

(3) If a CHCC is subsequently removed from the children's product component for which a report was given, the manufacturer may report to the department. Such updated reports will be documented in the department's records.

(4) Annual reporting for internal components will not be required, except by amendment of this rule.
