

WAC 230-15-290 Analog video recording equipment requirements.

Class F and house-banked card game licensees using analog video recording equipment with video cassette recorders, including audio recording where required, must:

(1) Record images at a rate of at least twenty frames per second on standard VHS format; and

(2) Reflect accurately the time and date of the video recording. Licensees using multiple time and date generators must synchronize them to the same time and date.

[Statutory Authority: RCW 9.46.070. WSR 07-09-033 (Order 608), § 230-15-290, filed 4/10/07, effective 1/1/08.]
