

WAC 246-376-030 Location or site. (1) All camps shall be located on land that provides good natural drainage. The site shall not be subject to flooding or located adjacent to swamps or marshes which might have an adverse effect on the health of the occupants.

(2) No camp shall be so located as to endanger any public or private water supply or the health of the public or health of the occupants.

(3) Where corrals or stables exist, or where large animals are maintained in connection with any camp, the quarters for any animals shall be located so as not to create a nuisance or health hazard.

[Statutory Authority: RCW 43.20.050. WSR 91-02-051 (Order 124B), recodified as § 246-376-030, filed 12/27/90, effective 1/31/91; Order 140, § 248-72-020, filed 2/7/77; Regulation 72.020, effective 3/11/60.]
