

WAC 284-24D-040 How are closed claims reported to the commissioner? (1) Except as provided in subsection (2) of this section, reporting entities must use the reporting site maintained by the OIC to report closed claims. To help reporting entities collect data, the commissioner will post reporting forms on the OIC internet site so that reporting entities can organize data before entering data into the reporting site.

(2) The commissioner may permit a reporting entity to transmit data electronically in an alternative format if the reporting entity develops, at its own expense, an interface that is compatible with the OIC closed claim database.
