

**WAC 136-28-020 County Location Coding Form (CLCF) reporting procedure.** The Washington state department of transportation (WSDOT) collects collision reports from all law enforcement agencies and receives collision reports from individual drivers. Periodically, the WSDOT makes CLCF reports available electronically.

The engineer will analyze each report and complete the CLCF. For those collisions that the county engineer verifies did occur in his/her jurisdiction, the completed CLCF will be returned electronically to the WSDOT. However, if the engineer determines that the collision did not occur on a roadway in the county's jurisdiction, he/she shall enter that notation on the CLCF and return it electronically to the WSDOT.
