

WAC 136-50-080 Notifications. To ensure that the standards of good practice are followed and, to facilitate county road administration board assistance and support to the counties, the county engineer shall notify the county legislative authority and the county road administration board within five business days regarding any of the following:

(1) The county engineer's professional civil engineering license expires or is suspended by the board of registration for professional engineers and land surveyors;

(2) The county, the county road department, or the county engineer is cited by any state or federal agency for violating state or federal law regarding county road administration, operation, maintenance, or construction;

(3) The county's certified agency certification is placed on probation or is revoked by the Washington state department of transportation;

(4) A finding or management letter from the state auditor's office directly or indirectly involving or effecting county road or equipment rental and revolving funds or policies;

(5) Judgments or verdicts involving the county road department.

[Statutory Authority: Chapter 36.78 RCW. WSR 22-03-084, § 136-50-080, filed 1/18/22, effective 2/18/22.]
