

**WAC 388-447-0060 Progressive evaluation process step IV—How does the department determine the severity of multiple impairments?**

(1) If you have more than one impairment, we determine the overall severity rating by deciding if your impairments have a combined effect on your ability to be gainfully employed.

(2) When you have two or more diagnosed impairments that limit work activities, we assign an overall severity rating as follows:

	<b>Condition</b>	<b>Severity Rating</b>
(a)	All impairments are mild and there is no cumulative effect on basic work activities.	Mild 2
(b)	All impairments are mild and there is a significant cumulative effect on one or more basic work activities.	Moderate 3
(c)	Two or more impairments are of moderate severity and there is a very significant cumulative effect on basic work activities.	Marked 4
(d)	Two or more impairments are of marked severity.	Severe 5

(3) We deny incapacity at this step when the overall severity rating is two.

(4) We approve incapacity at this step when the overall severity rating is five.
