

WAC 388-845-1195 What is person-centered plan facilitation? (1)

Person-centered plan facilitation is an approach to forming life plans that is centered on the individual. It is used as a life planning process to enable individuals with disabilities to increase personal self-determination. Person-centered plan facilitation is available in the IFS and CIIBS waivers.

(2) Person-centered plan facilitation typically includes:

(a) Identifying and developing a potential circle of people who know and care about the individual;

(b) Exploring what matters to the waiver participant by listening to and learning from the person;

(c) Developing a vision for a meaningful life, as defined by the waiver participant, which may include goals for education, employment, housing, relationships, and recreation;

(d) Discovering capacities and assets of the waiver participant, and his or her family, neighborhood, and support network;

(e) Generating an action plan; and

(f) Facilitating follow-up meetings to track progress toward goals.
