

STATE OF WASHINGTON
DEPARTMENT OF AGRICULTURE
Olympia

ORDER NO. 1005

(Superseding Order No. 655)

Effective August 22, 1966

REGULATIONS RELATING TO REPORTING OF DISEASE

I, Donald W. Moos, Director of Agriculture of the State of Washington by virtue of the authority vested in me under Chapter 16.36, RCW, after due notice as provided under Chapter 34.04 and 42.32 RCW, and a public hearing held in Olympia on July 12, 1966 do promulgate the following regulations:

Regulation 1. Requirement - Any person registered to practice veterinary medicine in the State of Washington shall report to the Director of Agriculture or his authorized representative the discovery of the existence or suspected existence among domestic animals within the state any of the reportable diseases as published by the Director of Agriculture.

Regulation 2. The following listed diseases, suspected or confirmed, shall be reported immediately (by telephone or first class mail on day discovered) to the office of the Supervisor of Animal Industry whenever encountered among domestic animals within the state:

Regulation 4. Not required, requested only - The Animal Industry Division may request reports on any other diseases that concern the director from a statistical or survey standpoint associated with overall disease control measures. The veterinarian may also voluntarily report any diseases of this nature on the monthly disease report cards as he determines they are pertinent to the purposes of the department and advantageous to disease control in the state.

Regulation 5. The director may from time to time modify the list of reportable diseases by adding to or removing therefrom any disease or diseases as deemed necessary to the general welfare of animals and/or the public health and set forth the manner in which they will be reported.

I hereby certify that the foregoing is a true and correct copy of the regulations promulgated by the Department of Agriculture.

DONALD W. MOOS
Director of Agriculture
State of Washington
