Chapter 16-225

FIELD-STORED HAY

STATE OF WASHINGTON
DEPARTMENT OF AGRICULTURE
ORDER NO. 1206
(Effective July 30, 1971)

NEW WAC 16-225-001 PROMULGATION. I, Donald W. Moos, director of agriculture of the state of Washington, by virtue of the authority vested in me under chapter 22.09 RCW, after due notice as provided under chapters 34.04 and 42.32 RCW, and a public hearing held in Pasco, Washington, on June 29, 1971, do hereby promulgate the following regulations governing minimum guidelines for the licensing of baled hay storage facilities.

NEW WAC 16-225-010 LICENSE FEE. The license fee shall be computed as defined in Section 22.09.050 RCW, The Washington Warehouse Act. In the case of field-stored hay, each individual warehouse shall be limited to a legally described contiguous property leased or owned by the warehouseman and used for hay storage and hereinafter referred to as a warehouse.

NEW WAC 16-225-020 BOND. The bond shall be computed as required in Section 22.09.090 at \$3.00 per ton times the licensed capacity. Licensed capacity shall be the maximum tonnage expected to be stored at any one time in the company's warehouse or warehouses.

NEW WAC 16-225-030 STORAGE REQUIREMENTS. Stacks stored in warehouses in compliance with Section 22.09.220 in areas other than the Columbia Basin and the Yakima Valley must be covered to prevent weather damage. All stacks must be rectangular in shape, straight sides, and tightly piled to minimize exposure and deterioration, and to provide an accurate means of inventory.

NEW WAC 16-225-040 WAREHOUSE RECEIPTS. Warehouse receipts issued under Section 22.09.290 must indicate the bale count and the estimated weight per bale.

NEW WAC 16-225-050 REPORTS. Each licensee must submit by the 5th of each month a report to the department showing a bale count and the estimated weight per bale on negotiable receipts and a bale count and the estimated weight per bale in storage.

I hereby certify that the foregoing is a true and correct copy of the regulations promulgated.
