CODE REVISER'S OFFICE WSR 83-04-030

WAC 16-54-082 DOMESTIC BOVINE ANIMALS. All domestic bovine animals (including bison) except those for immediate slaughter at a federally inspected establishment, or to a quarantined registered feed lot, or beef breed cattle or slaughter only dairy breed cattle consigned to a state-federal approved stockyard, shall be accompanied by a health certificate (WAC 16-54-030) and shall meet the following requirements:

(1) Tuberculosis. All beef and dairy cattle must originate from herds not under quarantine in a not less than modified accredited area.

(2) Brucellosis. Cattle originating from states other than Washington: All domestic bovine animals (including bison) moving into Washington, except those consigned to quarantined registered feed lots, or to federally inspected slaughter establishments for immediate slaughter, or beef breed cattle or slaughter only dairy breed cattle consigned to a state-federal approved stockyard, shall be moved on a permit issued by the animal health division of the department of agriculture and an official interstate health certificate, and shall meet the following requirements:

(a) All cattle must be negative to an official brucellosis test conducted within forty-five days prior to date of entry and will be quarantined on the premises of destination and kept (~~separated~~ separate) separate from all other cattle for re-test not less than thirty nor more than sixty days from the date of previous test, except that the following classes of cattle are exempt from these test requirements:

(i) Calves under six months of age.

(ii) Steers and spayed heifers.

(iii) Officially vaccinated dairy cattle under twenty months of age and officially vaccinated beef cattle under twenty-four months of age.

(iv) Immediate slaughter cattle going directly to a federally inspected slaughter establishment.

(v) Cattle consigned directly to a quarantined registered feed lot.

(vi) Cattle from certified brucellosis free herds.

(vii) Beef breed cattle eligible for brucellosis testing coming from contiguous states certified brucellosis free may be moved to state-federal approved livestock markets in Washington to meet entry health requirements. Cattle of the beef breeds from such equal status states and having the same import requirements as Washington are exempt from second test and quarantine requirements if found brucellosis negative on entry.

(b) After January 1, 1979, all female dairy cattle must be identified as official brucellosis calfhooed vaccinates before entry. Except the following classes of cattle are exempt from this requirement:

(i) Calves under four months of age.

(ii) Those cattle consigned directly to a federally inspected slaughter plant.

(iii) Those cattle consigned directly to a quarantined registered feed lot.

(iv) Spayed heifers.

~~((e))~~ (3) Temporary grazing. Herd owners desiring to move cattle into Washington for temporary grazing purposes must obtain a prior permit from the ~~((animal health division))~~ office of the state veterinarian ~~((All brucellosis test eligible cattle moving on a temporary grazing permit must be officially brucellosis tested negative within twelve months of entry into Washington. They must originate in a county or other political subdivision of equal status where brucellosis has not been diagnosed in the preceding twelve months, or officially brucellosis tested negative within thirty days prior to entry.))~~ :PROVIDED, That the state veterinarian may, if deemed necessary, require a brucellosis herd test and/or an official health certificate for any cattle entering the state for grazing purposes. Applicants must also file an approved herd plan with the office of the state veterinarian to phase out all brucellosis non-vaccinates in the herd prior to January 1, 1988. Grazing permits shall be for one specified season only and shall be valid for movement to only that destination declared on the permit. A copy of the permit shall accompany any vehicle transporting cattle into the state for such temporary grazing purposes.
