NEW WAC 18-24-010 STATEMENT OF PURPOSE AND APPLICABILITY. These regulations are enacted under the provisions of the Washington Clean Air Act to provide for the assumption of jurisdiction by the state board over motor vehicles, as defined herein, for the purpose of preventing and controlling air contaminant emissions resulting from the operation of motor vehicles.

NEW WAC 18-24-020 DEFINITIONS. (1) "State board" means the state air pollution control board.
(2) "Motor vehicles" means any operating vehicle or one capable of being operated which has its own self-contained sources of motive power, is designed for the transportation of people or property, and is of the type for which a license is required for operation on a highway.

NEW WAC 18-24-030 ASSUMPTION OF JURISDICTION. The state board finding that the prevention and control of air pollution from motor vehicles on a statewide basis is beyond the reasonable capability of local and regional air pollution control agencies hereby assumes jurisdiction over motor vehicles for the purpose of controlling air contaminant emissions resulting from the operation of such motor vehicles.

NEW WAC 18-24-040 STANDARDS OF MOTOR VEHICLES. No person shall remove or render inoperable any devices or components of any systems on a motor vehicle installed as a requirement of federal law or regulation for the purpose of controlling air contaminant emissions, subject to the following conditions:
(1) The components or parts of emission control systems on motor vehicles may be disassembled or reassembled for the purpose of repair and maintenance in proper working order.
(2) Components and parts of emission control systems may be removed and replaced with like components and parts intended by the manufacturer for such replacement.
(3) The provisions of this section (WAC 18-24-040) shall not apply to salvage operations on wrecked motor vehicles when the engine is so damaged that it will not be used again for the purpose of powering a motor vehicle on a highway.

WAC 18-24-050 EFFECTIVE DATE. These regulations shall become effective 30 days after the date of filing with the code reviser.
