**DECLARATION OF EMERGENCY AND
FINDINGS TO SUPPORT EMERGENCY RULEMAKING**

The State Building Code Council (Council), based on the following good cause, finds that an emergency affecting the general welfare of the state of Washington exists. The Council further finds that immediate amendment of certain Council rules is necessary for the public welfare and that observing the time requirements of notice and opportunity to comment would be contrary to the public interest.

The declaration of emergency affecting the general welfare of the state of Washington is based on the following findings:

The Council's adoption of Chapter 51-40 WAC, the state amended 1997 edition of the Uniform Building Code (UBC), published by the International Conference of Building Officials (ICBO), took effect July 1, 1998. The repeal of WAC 51-40-23110 contained herein as adopted by the Council under emergency rule making pursuant to RCW 34.05.350, will remove the state's amendment of UBC Table 23-II-I-1 and Table 23-II-I-2, allowable shear tables for wind and seismic forces. After the Council's adoption of WAC 51-40-23110, ICBO published an errata for Footnote 3 of the UBC Table 23-II-I-1 and Table 23-II-I-2 which caused the state's amendment of Footnote 3 to be incomplete and inaccurate. This emergency rule will allow changes contained in the errata from ICBO for Footnote 3 in these two tables to take effect. Without these changes, the required shear wall resistance to seismic and wind forces will be inadequate for some building designs. Immediate adoption of this amendment is necessary so that structural engineers will have proper guidance from these two allowable shear tables for use in building design.

The amendment herein takes into consideration the general welfare and safety of the public by reverting to shear wall requirements published by ICBO. In order to provide immediate relief, the Council finds it necessary to adopt the amendment as an emergency rule. The Council also has taken the necessary steps to adopt a permanent rule. The permanent rule will not be effective until the end of the 1999 legislative session as per RCW 19.27.074.
