Chapter 365 - 110 WAC

State Building Code

Building Permit Surcharges and Fees

NEW SECTION

WAC 365-110-010 AUTHORITY. These rules are adopted under the authority of RCW 43.63A.060 which provides that the Director shall make such rules and regulations and do all other things necessary and proper to carry out the purposes of Chapter 43.63A RCW. RCW 43.63A.065 (2) provides that among its functions and responsibilities the department shall administer state and federal grants and programs which are assigned to the department by the Governor or the Legislature.

NEW SECTION

WAC 365-110-020 PURPOSE. The purpose of these rules is to implement Chapter 19.27 RCW as amended by Chapter 144, Laws of 1985, and Chapter 360, Laws of 1985, and Chapter 19.27A RCW, created by Chapter 360, Laws of 1985.

Chapter 144, Laws of 1985, provides for the amendment of the State Energy Code by the State Building Code Council and for certain energy studies to be conducted by the University of Washington College of Architecture and Department of Mechanical Engineering. The code amendment and energy studies are to be funded by a surcharge on building permit fees issued by local governments for new building construction.

Chapter 360, Section 4, Laws of 1985 provides that the activities of the State Building Code Council necessary to implement the purposes of the chapter shall be funded by a fee of \$1.50 to be imposed on each building permit issued by a city or county. The moneys collected under this fee will be deposited in the Building Code Council Account in the state treasury and must be used by the Building Code Council, after appropriation, to perform the purposes of the Council. Every four years the state treasurer must report to the Legislature on the balances in the account so that the Legislature may adjust the charges imposed.

NEW SECTION

WAC 365-110-030 SUFFICIENT FEDERAL FUNDS NOT AVAILABLE. As required by Chapter 144, Laws of 1985, the Department of Community Development has consulted with the Washington State Energy Office and has requested that the Washington State Energy Office determine if federal funds are available to implement the purposes of the chapter. The Bonneville Power Administration, the appropriate federal funding agency, has denied the state's request for funding for the energy conservation testing studies by the University of Washington provided for in Section 4 of Chapter 144, Laws of 1985. The appropriations provided in Chapter 6, First Special Session, Section 301(2), Laws of 1985, shall therefore be funded from the surcharge provided in Chapter 144, Laws of 1985.

The Bonneville Power Administration has approved partial funding in the amount of \$15,000 for activities of the State Building Code Council to implement the amendment of the State Energy Code. Pursuant to the provisions of Section 217 (6), Chapter 6, First Special Session, Laws of 1985, funding for this appropriation from the surcharge shall be reduced in the amount of \$15,000.

The Department of Community Development finds that federal funds are not available in sufficient amounts to implement the provisions of Chapter 144, Laws of 1985. Therefore the department is, through Chapter 365-110 WAC, implementing the surcharge as required by Chapter 144, Section 4. (5), Laws of 1985.
