SUBJECT: Annual Fiscal Year Agenda for Significant Rules Under Development

Under Executive Order 94-07, each state agency is required to file its annual fiscal year agenda for significant administrative rules under development.

The State Board for Community and Technical Colleges has no significant rules under development at this time. The only potential rules activity that we anticipate may be amendments to the TIAA/CREF retirement plan. The agency will be closely monitoring 1996 legislative activity that could affect our rules.

Any rulemaking activity will proceed through the normal process.
