HEALTH CARE AUTHORITY

[Filed March 6, 2014, 10:41 a.m.]

NOTICE

Title or Subject: Medicaid State Plan Amendment (SPA) 14-0018, Removal of Excluded Drugs.

Effective Date: January 1, 2014.

Description: The health care authority (agency) intends to submit medicaid SPA 14-0018 to reflect the new federal requirement to remove barbiturates, benzodiazepines, and agents used to promote smoking cessation from the list of drugs a state medicaid program may exclude from coverage or otherwise restrict. For Washington medicaid beneficiaries, these drugs were not excluded from coverage under the medicaid program. The federal requirements result in no change in coverage for Washington medicaid beneficiaries.

For medicaid beneficiaries who also have medicare (dual eligible beneficiaries), benzodiazepines, barbiturates and prescription smoking cessation products already qualified as Part D drugs effective January 1, 2013, and are not covered under medicaid.

Nonprescription smoking cessation products will continue to be available to both dual eligible and nondual eligible medicaid clients through participation in an agency approved smoking cessation program, and for pregnant clients (both dual eligible and nondual eligible) receiving smoking cessation counseling from their prescribing practitioner.

There is no change in benefits for Washington medicaid clients or payments to providers as a result of these changes in federal requirements, because Washington already exercised its right to optionally provide these benefits under the medicaid program. There will be no change in annual expenditures.

For additional information, contact Charles Agte, Pharmacy, 626 8th Avenue S.E., Olympia, WA 98504-5506, phone (360) 725-1301, TDD/TTY 800-848-5429, fax (360) 725-2141, e-mail charles.agte@hca.wa.gov.

INTERPRETIVE OR POLICY STATEMENT
DEPARTMENT OF REVENUE
[Filed March 7, 2014, 9:57 a.m.]

INTERPRETIVE STATEMENT ISSUED

The department of revenue has issued the following excise tax advisory (ETA): **ETA 3189.2014 Taxation of Alarm Monitoring.**

This ETA explains the taxation of a single alarm monitoring service. The ETA discusses alarm monitoring services that qualify as digital automated services (DAS) under RCW 82.04.192, including instances where services are not considered DAS. The ETA further explains the application of the primarily human effort exclusion from DAS in this context, providing related examples.

A copy of this document is available via the internet at Recent Rule and Interpretive Statements, Adoptions, and Repeals.

NOTICE

Title or Subject: Public Notice – Medicaid State Plan Amendment 14-0016.

Effective Date: July 1, 2014.

Description: The health care authority (the agency) intends to submit Medicaid State Plan Amendment 14-0016 to amend hospital inpatient payment methods to comply with state and federal rules and the state's 2013-2015 budget. The agency will change the software used for inpatient hospital claims from the All Patient-Diagnosis Related Group (AP-DRG) to the All Patient Refined-Diagnosis Related Group (APR-DRG) software. This change will include updates to the payment methods and policies regarding inpatient hospital rates and claim payments. This is a budget neutral change with no expected increase to annual aggregate expenditures.

For additional information, contact Scott Palafox, Office of Hospital Finance, 626 8th Avenue S.E., P.O. Box 45502, Olympia, WA 98504, phone (360) 725-1858, TDD/TTY 800-848-5429, e-mail scott.palafox@hca.wa.gov.

DEPARTMENT OF ECOLOGY

[Filed March 18, 2014, 2:36 p.m.]

PUBLIC NOTICE

Announcing the Issuance of a General Permit to Control *Zostera japonica* on Commercial Clam Beds in Willapa Bay

Permit Issuance: On April 2, 2014, the Washington state department of ecology (ecology) issued a general national pollutant discharge elimination system (NPDES) permit for the control of *Zostera japonica* (*Z. japonica*) on commercial clam beds in Willapa Bay. The permit covers the spraying of imazamox on commercial clam beds in Willapa Bay, Washington. The effective date of this permit is May 2, 2014.

Purpose of the Permit: The federal Clean Water Act and Washington's water quality statutes and regulations do not allow the discharge of pollutants to waters of the state without permit coverage. Imazamox, the herbicide proposed for management of *Z. japonica* is a potential pollutant, and therefore requires a discharge permit before application to surface waters. Ecology issues general permits in place of a series of individual permits when the permitted activities are similar.

This permit would allow the management of *Z. japonica* on commercial clam beds in Willapa Bay, excluding geoduck culture, using the herbicide imazamox. Commercial clam growers must apply for coverage under this permit prior to implementing *Z. japonica* control activities using imazamox.

Public Notice Process and Comments: Ecology accepted public comment on the draft permit, fact sheet and draft environmental impact statement from January 2, 2014, until February 15, 2014.

Ecology held a public workshop and hearing in South Bend, Washington on February 1, 2014. Ecology received oral and written comments during the public comment period and responded to these comments in the fact sheet and in the environmental impact statement responsiveness summary. You may download copies of the permit, the response to comments, the fact sheet and the environmental impact statement from the ecology web site at <http://www.ecy.wa.gov/programs/wq/pesticides/eelgrass.html>. In addition, you may

contact water quality program at (360) 407-6400 to request permit documents.

Appeal Options: The terms and conditions of this general permit, being issued April 2, 2014, may be appealed only by filing an appeal in writing to the pollution control hearings board (PCHB) and by serving it upon ecology at the addresses below. E-mail is not accepted. Appeals of the general permit must be made within thirty days of issuance or receipt, whichever is later (see chapter 43.21B RCW) (RCW is the Revised Code of Washington). The procedures and requirements for the appeal process are contained in RCW 43.21B.310. An appeal must be filed with:

Address and Location Information:

Street Addresses: Department of Ecology, Attn: Appeals Processing Desk, 300 Desmond Drive S.E., Lacey, WA 98503 or Pollution Control Hearings Board, 1111 Israel Road S.W., Suite 301, Tumwater, WA 98501.

Mailing Addresses: Department of Ecology, Attn: Appeals Processing Desk, P.O. Box 47608, Olympia, WA 98504-7608 or Pollution Control Hearings Board, P.O. Box 40903, Olympia, WA 98504-0903.

If you have questions about the permit, contact Nathan Lubliner at nathan.lubliner@ecy.wa.gov, or (360) 407-6563.

HEALTH CARE AUTHORITY
 [Filed March 19, 2014, 10:38 a.m.]

NOTICE

Title or Subject: Medicaid State Plan Amendment 14-0020.

Effective Date: April 1, 2014.

Description: The health care authority (the agency) intends to submit Medicaid State Plan Amendment 14-0020 to comply with 3ESSB [ESSB] 6002. This legislation directs

the agency to restore coverage under the breast and cervical cancer treatment (BCCT) program. The BCCT program was a medicaid program that covered treatment for approximately one thousand two hundred fifty women with incomes under three hundred percent of the federal poverty level (FPL), who were diagnosed with breast or cervical cancer. The program was eliminated on January 1, 2014, when the state expanded the medicaid program to include adults with incomes below one hundred thirty-three percent of the FPL. Clients with incomes below one hundred thirty-three percent of the FPL could enroll in medicaid coverage under the medicaid expansion. Clients with incomes over one hundred thirty-three percent of the FPL that were already enrolled in the program as of January 1, 2014, were allowed [to] retain state-only coverage throughout the course of their treatments. Savings will be achieved because the cost of restoring medicaid coverage for clients with incomes above one hundred thirty-three percent of the FPL is less than the cost of maintaining state-only coverage for clients that were already enrolled as of January 1, 2014.

The agency anticipates an overall increase of approximately \$271,000 in the state fiscal year (SFY) annual aggregate expenditures for this program, all of which are federal funds. The agency anticipates a savings of over \$1 million in state funds for SFY 2014.
