Rate Methodology Updates.

Effective Date: July 1, 2024.

Description: The health care authority (HCA) intends to submit SPA 24-0036 to add standard language regarding legislatively approved rate increases and, where necessary, update language to clarify current practices, update the link for Washington's medicaid state plan, and make other clarifications.

These changes are for clarification purposes only; the payment methodologies are not changing.

SPA 24-0036 is expected to have no effect on the annual aggregate expenditures/payments for the services mentioned on these pages.

SPA 24-0036 is under development. To request a copy of the draft SPA when it becomes available or return comments, please contact the person named below. Please return comments by June 10, 2024. NOTICE

Title or Subject: Medicaid State Plan Amendment (SPA) 24-0011
Community First Choice Tribal Care Facilities Supplemental Notice.
Effective Date: April 1, 2024.

Description: In recognition of tribal sovereignty and state law, the health care authority (HCA) and the department of social and health services (DSHS) intend to submit SPA 24-0011 to incorporate tribal care facilities as medicaid providers of the community first choice (CFC) program.

HCA and DSHS previously filed two notices of the intent to submit SPA 23-0001 to incorporate tribal care facilities as medicaid providers. The first notice was filed under WSR 23-02-061 and advised that tribal care facilities would be incorporated as adult family homes (AFH). The second one was notification of the decision to incorporate tribal care facilities as assisted living facilities (ALF) rather than AFHs and was filed under WSR 24-07-053.

The previous notices specified that to provide CFC services, tribal care facilities would need to meet the state ALF licensing requirements. Subsequent discussions have resulted in the decision to create a new facility type for tribal care facilities that will not need to meet ALF licensing requirements, which will be reflected in SPA 24-0011. The federally recognized tribe will perform initial inspections, routine inspections, and complaint investigations for tribal care facilities. Tribal care facilities will be paid an enhanced rate for providing culturally relevant personal care services.

Tribal care facilities are a new provider type and because they will have an enhanced rate, SPA 24-0011 is expected to increase the annual aggregate expenditures/reimbursement/payment for services. However, at this time HCA and DSHS have not finalized a payment structure.

SPA 24-0011 is under development. HCA and DSHS would appreciate any input or concerns regarding this SPA. To request a copy of the SPA when it becomes available or submit comments, please contact the person named below by June 17, 2024 (please note that all comments are subject to public review and disclosure, as are the names of those who comment).
