EMERGENCY RULES

DEPARTMENT OF HEALTH

[Filed December 24, 2020, 8:21 a.m., effective December 24, 2020, 8:21 a.m.]

Effective Date of Rule: Immediately upon filing.

Purpose: WAC 246-72-020 Certificate requirements and 246-72-080 Renewals and updating license information. Current certificate requirements for medical marijuana certified consultants (MMCC) under WAC 246-72-020 require an initial applicant to have obtained a cardio-pulmonary resuscitation (CPR) card from a training course that includes both a written examination and skills demonstration test in order to receive a MMCC credential from the department of health (department). The department is amending this section of rule to temporarily suspend the skills demonstration portion of the CPR requirement to allow initial applicants to move forward in the department's application process during the coronavirus disease (COVID-19) response. WAC 246-72-080 Renewals does not specify CPR requirements include a skills demonstration test to be compliant, however the department interprets this requirement to be the same as defined in WAC 246-72-020. Therefore, the department is also revising WAC 246-72-080 in this rule making to clarify that the in-person CPR requirement suspension applies to renewing applicants as well as initial applications. This is the second filing of these emergency rules and they remain necessary as the COVID-19 pandemic continues to make in-person courses unavailable. This filing will supersede the original filing on August 26, 2020, under WSR 20-18-027.

Citation of Rules Affected by this Order: Amending WAC 246-72-020 and 246-72-080.

Statutory Authority for Adoption: RCW 69.51A.290.

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: RCW 69.51A.290 provides the department authority to adopt rules and requirements for licensing and regulating the MMCC. Under the COVID-19 pandemic restrictions, in-person CPR training programs have been suspended making it impossible for current and new applicants to obtain licensure and continue providing services allowed under WAC 246-72-030 to patients in Washington during the COVID-19 pandemic. The skills demonstration portion of the CPR requirement was adopted in rule back in 2017 to address patient concerns relating to certified consultant trainings. A consultant's role includes spending a significant amount of time assisting patients (some with acute or chronic health conditions) with getting registered and product selection.

The immediate amendment of these existing rules is necessary for the preservation of public health, safety, and general welfare. Licensees have shared that they are struggling to meet the CPR requirements to gain or maintain their MMCC. Furthermore, retailers are required to have an MMCC on staff in order to serve patients from the medical marijuana community. If licensees are not able to gain or renew their certification, not only will the MMCC be unable to provide care, but the retail store itself may no longer be able to provide services to medical patients at all, making it very difficult or impossible for

patients to access their medication. By temporarily suspending the skills demonstration portion of the CPR training requirement under WAC 246-72-020 and 246-72-080, both new and renewing applicants will be able to continue with certification and provide the necessary health care services to patients in need. Observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest and the governor's order.
