AMENDATORY SECTION (Amending WSR 22-01-061, filed 12/8/21, effective 1/8/22)

WAC 415-104-215 What are my LEOFF Plan 2 retirement benefit options? If you retire for service under RCW 41.26.430 or nonduty disability under RCW 41.26.470, or if you choose to receive a monthly benefit for duty disability under RCW 41.26.470, you must choose to have your monthly retirement benefit paid to you by one of the options described in this section.

(1) **Which option will pay my beneficiary a monthly benefit after my death?** Options described in subsection (2)(b) through (d) of this section will pay a monthly benefit to your survivor after your death. The person you name at the time of retirement to receive a monthly benefit after your death is referred to as your "survivor beneficiary." After your death, your survivor beneficiary will receive a monthly benefit for the duration of their life. Your monthly retirement benefit will be reduced to offset the cost of the survivor option. See WAC 415-02-380 for more information on how your monthly benefit will be affected if you choose a survivor option.

(2) **What are my benefit options?**

(a) **Option one: Standard benefit (nonsurvivor option).** The department will pay you a monthly retirement benefit throughout your lifetime. Your monthly benefit will cease upon your death.

(b) **Option two: Joint and 100 percent survivor benefit.** The department will pay you a reduced monthly retirement benefit throughout your lifetime. After your death, your survivor beneficiary will receive a gross monthly benefit equal to your gross monthly benefit.

(c) **Option three: Joint and 50 percent survivor benefit.** The department will pay you a reduced monthly retirement benefit throughout your lifetime. After your death, your survivor beneficiary will receive a gross monthly benefit equal to 50 percent of your gross monthly benefit.

(d) **Option four: Joint and two-thirds benefit.** The department will pay you a reduced monthly retirement benefit throughout your lifetime. After your death, your survivor beneficiary will receive a gross monthly benefit equal to two-thirds (66.667%) of your gross monthly benefit.

(3) **Do I need my spouse's consent on the option I choose?** The option you select will determine whether spousal consent is required.

(a) If you are married and select a nonsurvivor benefit option, you must provide your spouse's consent, verified by notarization or other means acceptable to the department. If you do not provide verified spousal consent, the department will pay you a monthly retirement benefit based on option three (joint and 50 percent benefit) with your spouse as the survivor beneficiary as required by RCW 41.26.460(2).

(b) If you are married and select a survivor benefit option for your spouse, spousal consent is not required. The department will pay you a monthly benefit based on the option you selected.

(c) If you are married and select a survivor benefit option for someone other than your spouse, verified spousal consent is required. If you do not provide spousal consent, verified by notarization or other means acceptable to the department, the department will pay you a monthly retirement benefit based on option three (joint and 50 percent benefit) with your spouse as the survivor beneficiary as required by RCW 41.26.460(2).

(d) If your survivor beneficiary has been designated by a dissolution order according to subsection (4) of this section, which was

filed with the department at least 30 days before your retirement date, spousal consent is not required.

(4) **Can a dissolution order require that a former spouse be designated as a survivor beneficiary?** Yes. A dissolution order may require that a former spouse be designated as a survivor beneficiary. The department is required to pay survivor benefits to a former spouse pursuant to a dissolution order that complies with RCW 41.50.790.

(5) **What happens if I choose a benefit option with a survivor option and my survivor beneficiary dies before I do?** If your survivor beneficiary dies before you do, you may request to have your benefit increased as described in WAC 415-02-380.

(6) **May I change my benefit option after retirement?** Your choice of a benefit option is irrevocable with the following (~~four~~) five exceptions:

(a) **Return to membership.** If you retire and then return to membership, you may choose a different retirement option upon your subsequent retirement.

(b) **Postretirement marriage option.** If you select the standard benefit option at the time of retirement and marry after retirement, you may select a benefit option with a survivor option and name your current spouse as survivor beneficiary, provided that:

(i) Your benefit is not subject to a property division obligation pursuant to a dissolution order. See WAC 415-02-500;

(ii) The selection is made during a one-year window, on or after the date of the first anniversary and before the second anniversary of your postretirement marriage;

(iii) You provide a copy of your certified marriage certificate to the department; and

(iv) You provide proof of your current spouse's birth date.

(c) **Removal of a nonspouse survivor option.** If you select a benefit option with a survivor option and name a nonspouse as survivor beneficiary at the time of retirement, you may remove that survivor beneficiary designation and have your benefit adjusted to a standard benefit. You may exercise this option one time only.

(d) **One-time change of survivor.** You may change your benefit option and/or designated survivor one time within 90 days from the date your first benefit payment is issued. Your change request must be in writing, and must comply with other requirements as described in this section. Your new benefit amount will be effective the first of the month following the receipt of your request by the department.

(e) **Retirement type changes.** If your retirement status changes due to the acceptance of a new retirement application from service retirement to a nonduty, duty or catastrophic retirement, or duty to catastrophic retirement, you may select a different survivor benefit option. Your benefit will be recalculated to reflect your new survivor option in accordance with WAC 415-104-483.

(7) **Who will receive the balance of my accumulated contributions, if any, after my death?**

(a) If you do not have a survivor beneficiary at the time of your death, and you die before the total of the retirement benefit paid equals the amount of your accumulated contributions at the time of retirement, the balance will be paid:

(i) To the person or entity (i.e., trust, organization, or estate) you have nominated by written designation, executed and filed with the department.

(ii) If you have not designated a beneficiary, or if the designated beneficiary is no longer living or in existence, then to your surviving spouse.

(iii) If not paid according to (a)(i) or (ii) of this subsection, then to your estate.

(b) If you have a survivor beneficiary at the time of your death, and your survivor beneficiary dies before the total of the retirement benefit paid equals the amount of your accumulated contributions at the time of retirement, the balance will be paid:

(i) To the person or entity (i.e., trust, organization, or estate) your survivor beneficiary has nominated by written designation, executed and filed with the department.

(ii) If your survivor beneficiary has not designated a beneficiary, or if the designated beneficiary is no longer living or in existence, then to your survivor beneficiary's spouse.

(iii) If not paid according to (b)(i) or (ii) of this subsection, then to your survivor beneficiary's estate.

(8) For more information, see RCW 41.26.460.

AMENDATORY SECTION (Amending WSR 18-13-078, filed 6/15/18, effective 7/16/18)

WAC 415-104-483 Is my disability benefit affected by choosing a survivor option? (1) If you choose a benefit option with a survivor feature at the time of retirement, your survivor beneficiary will receive an ongoing monthly disability benefit after your death. Your disability benefit will be actuarially reduced to offset the cost of providing payments over two lifetimes. The survivor options are further described in WAC 415-104-215. See WAC 415-02-380 for more information and examples on how the actuarial reduction is applied to your disability benefit.

(2) If your retirement status changes due to the acceptance of a new retirement application from service retirement to a nonduty, duty or catastrophic retirement, or duty to catastrophic retirement, you may select a different survivor benefit option. Your benefit will be recalculated to reflect your new survivor option.

Example 1: Pat retired with a duty disability retirement benefit with survivor option 3 (50%). Pat's condition worsened. Pat applied

for and was granted a catastrophic duty disability retirement. Pat selected survivor option 2 (100%) on the catastrophic application. Pat's catastrophic retirement benefit will be calculated to reflect this survivor option.

Example 2: Pat retired with a duty disability retirement benefit with survivor option 2 (100%) for their spouse. Pat's condition worsened. Pat applied for and was granted a catastrophic duty disability retirement benefit. Pat selected survivor option 1 (no on-going survivor benefit after Pat's death). Pat's spouse will need to agree to this survivor option and the application will need to be notarized.
